

Iowa State Board of Education

Executive Summary

January 31, 2013

Agenda Item: University of Maryland University College – Teacher Preparation Online (Includes: Secondary Education)

Iowa Goal: All PK-12 students will achieve at a high level.

State Board Role/ Authority: Iowa Code 281—79.5(256) grants authority to the State Board of Education to set standards and to approve practitioner preparation programs based on those standards.

Presenter: None (consent agenda)

Attachments: 1

Recommendation: It is recommended that the State Board approve the enrollment of Iowa residents in online practitioner preparation programs offered by University of Maryland University College.

Background: Iowa Code 281—79.5(256) grants authority to the State Board of Education to set standards and to approve practitioner preparation programs based on those standards. University of Maryland University College has met the program approval requirement as approved by the State Board.

Recommendation for Approval of University of Maryland University College Online Practitioner Preparation Programs

Introduction

New federal Department of Education regulations (34 CFR § 600.9) require an institution that offers online courses and programs, including educator preparation programs, to be registered with each state in which students of the programs reside, if the state requires that the institution be registered in that state. Iowa Code Chapter 261B, as modified effective July 1, 2009, requires an institution that maintains or conducts a course of instruction in Iowa, including through distance education, to register with the Iowa College Student Aid Commission (“Commission”). Thus, institutions offering distance education programs which have never been previously required to register in Iowa may now be required to do so.

University of Maryland University College has requested approval from the Iowa State Board of Education to offer an online program in teacher preparation. The institution is housed in Adelphi, Maryland, and is in the registration process with the Commission. Candidates are recommended for a Maryland license and the program is accredited by the Middle States Commission on Higher Education.

Requirements

Evidence has been provided and the following requirements have been met:

1. That the institution seeks to offer programs in Iowa via distance education only; the institution has no bricks-and-mortar presence in Iowa.¹
2. That a candidate graduating from the institution obtains initial educator licensure/certification from the state in which the candidate completed his/her preparation.²
3. That the candidates graduating from the institution receive prominent written disclosure from the institution in all published and web-based materials that describe the educator preparation program(s) as follows (slight paraphrasing is permitted):
 - A student seeking an Iowa educator license is advised that successful completion of this institution’s program(s) of educator preparation does not qualify you for initial educator licensure by the Iowa Board of Educational Examiners.
 - A candidate seeking licensure in the State of Iowa must first be licensed/certified as an educator in the state in which preparation was completed. This institution shall assist a candidate in contacting the appropriate licensing board in the state in which the candidate’s preparation was completed. This institution shall assist the candidate in understanding the requirements of the appropriate licensing board

¹ An institution with a physical (“bricks-and-mortar”) presence in Iowa must have full chapter 79 review process.

² An institution whose candidates seek initial licensure from the Iowa BoEE must have full chapter 79 review process. The “state in which the candidate completed his/her preparation” means the state in which a majority of the candidate’s instruction originates.

prior to the candidate's completion of this institution's program(s) of educator preparation.

- A candidate seeking subsequent licensure from the Iowa Board of Educational Examiners must contact that Board (515/281-5849; <http://www.boee.iowa.gov/>) for licensure requirements in Iowa.

4. That the institution's educator preparation programs are regionally accredited.
5. That the institution is approved/accredited to offer the same educator preparation program(s) it wishes to offer in Iowa by an entity with authority over educator preparation programs in the state in which the institution maintains its primary physical presence. (If the institution is approved/accredited to offer the same educator preparation program(s) it wishes to offer in Iowa by an entity with authority over educator preparation programs in other states in which the institution maintains a physical presence, the institution is encouraged to present proof of the same to the Iowa State Board of Education.)

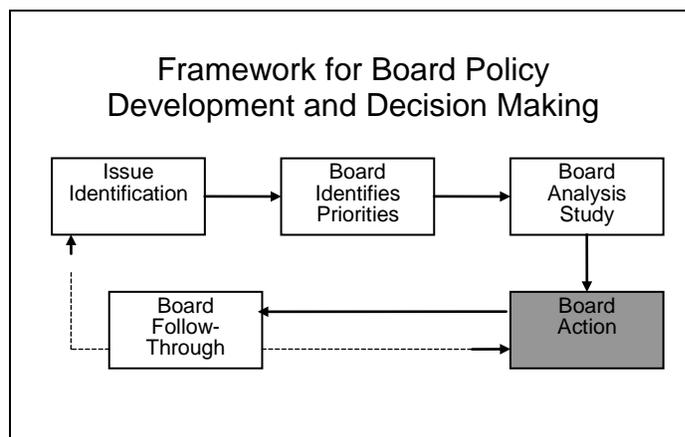

Recommendation

The Iowa Department of Education recommends the approval for University of Maryland University College to enroll Iowa residents into an online program in teacher preparation. Approval allows University of Maryland University College to offer these programs under its registration with the Iowa College Student Aid Commission.

Iowa State Board of Education

Executive Summary

January 31, 2013

Agenda Item: American Public University System – Teacher Preparation (includes Secondary Social Studies, Elementary Education, Post-Baccalaureate Teacher Certification)

Iowa Goal: All PK-12 students will achieve at a high level.

State Board Role/ Authority: Iowa Code 281—79.5(256) grants authority to the State Board of Education to set standards and to approve practitioner preparation programs based on those standards.

Presenter: None (consent agenda)

Recommendation: It is recommended that the State Board approve the enrollment of Iowa residents in online practitioner preparation programs offered by American Public University System.

Background: Iowa Code 281—79.5(256) grants authority to the State Board of Education to set standards and to approve practitioner preparation programs based on those standards. American Public University System has met the program approval requirement as approved by the State Board.

Recommendation for Approval of American Public University Online Practitioner Preparation Programs

Introduction

New federal Department of Education regulations (34 CFR § 600.9) require an institution that offers online courses and programs, including educator preparation programs, to be registered with each state in which students of the programs reside, if the state requires that the institution be registered in that state. Iowa Code Chapter 261B, as modified effective July 1, 2009, requires an institution that maintains or conducts a course of instruction in Iowa, including through distance education, to register with the Iowa College Student Aid Commission (“Commission”). Thus, institutions offering distance education programs which have never been previously required to register in Iowa may now be required to do so.

The American Public University has requested approval from the Iowa State Board of Education to offer teacher preparation programs including; M.Ed. Secondary Social Studies; M.Ed. Elementary Education; Post-Baccalaureate Teacher Preparation Certification. The institution is housed in Charles Town, West Virginia, and is in the registration process with the Commission. Candidates are recommended for a West Virginia license and the program is accredited by the Higher Learning Commission.

Requirements

Evidence has been provided and the following requirements have been met:

1. That the institution seeks to offer programs in Iowa via distance education only; the institution has no bricks-and-mortar presence in Iowa.¹
2. That a candidate graduating from the institution obtains initial educator licensure/certification from the state in which the candidate completed his/her preparation.²
3. That the candidates graduating from the institution receive prominent written disclosure from the institution in all published and web-based materials that describe the educator preparation program(s) as follows (slight paraphrasing is permitted):
 - A student seeking an Iowa educator license is advised that successful completion of this institution’s program(s) of educator preparation does not qualify you for initial educator licensure by the Iowa Board of Educational Examiners.
 - A candidate seeking licensure in the State of Iowa must first be licensed/certified as an educator in the state in which preparation was completed. This institution shall assist a candidate in contacting the appropriate licensing board in the state in which the candidate’s preparation was completed. This institution shall assist the candidate in understanding the requirements of the appropriate licensing board

¹ An institution with a physical (“bricks-and-mortar”) presence in Iowa must have full chapter 79 review process.

² An institution whose candidates seek initial licensure from the Iowa BoEE must have full chapter 79 review process. The “state in which the candidate completed his/her preparation” means the state in which a majority of the candidate’s instruction originates.

prior to the candidate's completion of this institution's program(s) of educator preparation.

- A candidate seeking subsequent licensure from the Iowa Board of Educational Examiners must contact that Board (515/281-5849; <http://www.boee.iowa.gov/>) for licensure requirements in Iowa.

4. That the institution's educator preparation programs are regionally accredited.
5. That the institution is approved/accredited to offer the same educator preparation program(s) it wishes to offer in Iowa by an entity with authority over educator preparation programs in the state in which the institution maintains its primary physical presence. (If the institution is approved/accredited to offer the same educator preparation program(s) it wishes to offer in Iowa by an entity with authority over educator preparation programs in other states in which the institution maintains a physical presence, the institution is encouraged to present proof of the same to the Iowa State Board of Education.)

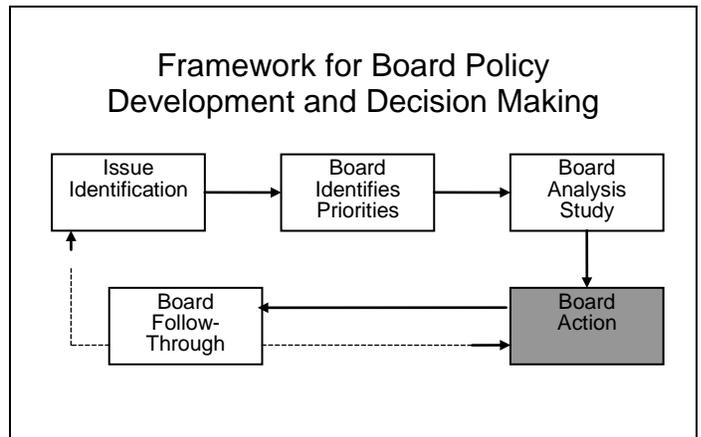

Recommendation

The Iowa Department of Education recommends the approval for the American Public University to enroll Iowa residents into online teacher preparation programs including; M.Ed. Secondary Social Studies; M.Ed. Elementary Education; Post-Baccalaureate Teacher Preparation Certification. Approval allows the American Public University to offer these programs under its registration with the Iowa College Student Aid Commission.
