Child Nutrition Programs
RCCIs are:

- Group homes
- Juvenile Detention Centers, etc.

All children in an RCCI are considered FREE with the exception of day students.
DEFINITION OF A “CHILD”

- Defined as a person under 21 chronological years of age in an institution or a student of high school grade or under in a conventional school educational unit as defined by the State Agency.
AGE OF CHILD -

- Any children under the age of 21 may be claimed if participating in the school nutrition programs, whether in attendance or attend off-site programming.
- Any institution that also has adults in residence, must operate principally for the care of children (over 50%) by site.
WHAT MEALS CAN BE CLAIMED?
MEALS THAT CAN BE CLAIMED

- Breakfast and lunch may be claimed when meals meet USDA requirements.
- Supper may not be claimed.
- After school snacks may be claimed until the student turns 18 or if they turn 19 during the school year – enrichment program required.
Reimbursement is made on a “per day of operation” basis. All eligible meals may be claimed for reimbursement, whether typical week day, weekend, or holidays.
ADULT MEALS

- RCCIs are required to document number of adult meals served
  - Program Adults
    - Food Service funds can be spent on these meals
  - Non-Program Adults
    - Food Service funds CANNOT be spent on these meals
HOW DO I CERTIFY CHILDREN TO RECEIVE MEALS?
INSTITUTIONALIZED STUDENTS

- An institutionalized student in an RCCI is considered a one-person household
- The simplest method of documenting students’ eligibility is to complete an RCCI Residential Free Meal Application for Residential Children
- Examples of wording:
  - “All our children are wards of the court. They are not permitted to earn, receive or retain any money while in our custody.”
Sites that have temporary clientele are considered eligible as long as the site operates on a continuous basis.

- Children’s eligibility for free and reduced price meals are usually recorded as part of the in-take process.
- Such records should clearly indicate in sufficient detail that all meals claimed were eligible. All records need to be maintained for 3 years.
Remember RCCIs with **DAY STUDENTS MUST** collect and certify income applications for those students.

Family income for day students includes related or nonrelated individuals who are living as one economic unit.

Verification efforts must be completed annually for day students.
RCCLs are required to maintain a Master List of students enrolled

- Used to validate the daily meal count
