Healthy Schools - Healthy Students is an e-newsletter published in partnership with Iowa Team Nutrition and Iowa Partners: Action for Healthy Kids. The monthly newsletters provide information on implementing nutrition and physical activity programs in your school, awareness of upcoming school wellness training opportunities, success stories from Iowa schools working to promote healthy habits in their students and staff. If you would like to submit an article to feature your school or program, please send an e-mail to carrie.scheidel@iowa.gov.

Due to community partnerships, incentives for the walkers and volunteers have been added this year! To view an article about the project, click here!

School Meals are Changing!

You may have heard that there are new requirements for school meals. The requirements build on the great work Iowa schools are already doing to provide more fruits, vegetables, whole grains, and healthier entrees. As a school employee, you have the ability to help make the school meal changes a positive and exciting experience for everyone. Continue to be a champion of healthy and nutritious school meals. Talk to parents, students and teachers about the benefits of the new meal standards. Here are some tools to help support your efforts:

Build a Healthy Lunch Meal Identification Kit:
Each school district recently received a kit to assist students in selecting nutritious school meals. To see the components of the kit, click here.

Communication Tools:
Tools have been developed to help communicate with the school staff, parents and the community about the school meal changes. The tools include: letter templates, a lesson plan, a webpage template, and health messages, click here to access the tools.

Videos have been created for grades K-5, 6-8, 9-12, and adults. To view them, click here!

The School Day Just Got Healthier!
USDA has created a collection of resources to help inform your school community about the changes to school meals. To view the tool-kit, click here.
