The "What's for Breakfast in School Year 2013-2014" webinar that was presented on May 20th, 2013 is now posted on the Nutrition Program Learning Tools page . This is an opportunity to learn about the NEW breakfast requirements that go into effect July 1, 2013. Participants will learn about the new meal pattern, daily and weekly component requirements, calorie ranges for each grade group, as well as flexibilities and revisions that have been made by USDA. Participants will also see how some common breakfast menus can still be used with the new breakfast meal pattern.
