Brain Breaks for the Classroom

Healthy students are better on all levels of academic achievement: academic performance, education behavior, and cognitive skills and attitudes. Implementing strategies that help kids stay healthy through nutrition and being physically active can result in: better attendance, fewer behavior problems and higher test scores and grades.

Move for Thought

Quick Draw Math
1. Students pair up, face each other, hands behind back.
2. Using appropriate fingers, on the count of 3, both students will hold up their choice of number of fingers.
3. Students add all fingers. First one to say right answer gets a point.

Variations:
- use just one hand
- Challenge students to think of strategies to help them win (wiggle fingers, spread arms out wide, split fingers, units of 5/10/0)
- Multiple or subtract

Index Finger/Thumb Switch
1. Stand up.
2. Point only the thumb up on right hand while pointing only the left index finger away.
3. Switch back and forth as quickly as possible for 1-2 minutes.

Toe Tapper
1. Students pair up, face each other.
2. Tap right feet together once.
3. Tap left feet together 3 times.
4. Tap right feel together twice.
5. Continue 1-3-2 pattern as quickly as possible for 1-2 minutes.

Nose and Ear Switch
1. Touch left finger to nose while you reach right hand through arm to pinch left ear.
2. Switch to right finger on nose while left hand pinches right ear. Continue to switch for 1-2 minutes.

ABC 123
1. Stand up.
2. Write letter A in the air while saying 1.
3. Write letter B in the air while saying 2.
4. Write letter C in the air while saying 3 and so forth.
