

Flexibility for Whole Grain-Rich Pasta Request

USDA memo [SP 47-2014 \(v.2\)](#) allows School Food Authorities (SFAs) the ability to request the flexibility to serve enriched pasta rather than whole grain-rich pasta, upon State Agency approval. SFAs must submit this form to request flexibility. Approvals are valid through school year 2015-2016. This flexibility is granted only until acceptable products are available. List the enriched pasta menu item the SFA would like to continue to offer and also the whole grain-rich product the SFA has tried and requests to not offer until an acceptable whole grain-rich product is available.

SFA Name: _____ Agreement Number: _____

How do you plan to identify and try new whole grain –rich pasta products throughout the 2014-2015 school year?

What technical assistance or information would be helpful to you as you continue to work on incorporating whole grain-rich pasta?
