

FY 2016 Regional Telecommunications Councils (RTC) BUDGET

July 1, 2015 – June 30, 2016

REGION: 14

Background Information

House File (HF) 658* provides funds to the Iowa Department of Education (DE) for allocation to the Regional Telecommunications Councils (RTCs). RTCs are to plan for and expend these funds based upon the activities outlined in legislation.

HF 658* appropriates \$992,913 for state aid to the regional telecommunications councils. This appropriation is equal to the amount of funding provided in FY 2015.

Quoting from HF 658:

The regional telecommunications councils established in section 8D.5 shall use the moneys appropriated in this section to provide coordination of technical assistance for network classrooms, planning and troubleshooting for local area networks, scheduling of video sites and other related support activities.

Moneys appropriated in this section shall be distributed by the Department of Education to the regional telecommunications councils based upon usage by region.

*Please note, HF 658 has not yet been signed by the Governor.

Regional Support Services Plan Submission

The intent of the RTC Educational Support appropriation is to enhance and extend the collaboration among regional entities to develop a strong, long-term regional support system for ICN use.

The RTC is responsible for developing a budget to complete such services. Expenditures for A through C of the Regional Support Services budget should each be between 15-40%. If the RTC wishes to budget an amount outside the 15-40% range in any of these categories, unanimous approval by a quorum of RTC members is required. In addition, a written explanation (no more than three paragraphs) must be submitted to the DE along with the budget describing how the additional percentage of funds will subsidize the designated support function.

- Funds within the plan may only be allocated for staff support and equipment/software purchases that support long-term region-wide needs. For example: LAN/WAN support, scheduling hardware, regional loaner parts depot for ICN video classroom and/or Internet service, diagnostic hardware/software used for troubleshooting ICN video classrooms and/or local area networks, research services to assist schools in finding technology solutions, installation, troubleshooting assistance, training schools on technical topics, school technology planning, and wireless networking assistance.
 - Ineligible expenditures include:
 - Purchase of equipment other than as described above.
 - Monthly or annual Internet access fees.
 - Subsidizing or funding hourly ICN video fees for semester-long classes.
 - Costs related to relocating an ICN video classroom (such as building remodeling).

RTC BUDGET SUBMISSION DEADLINE IS SEPTEMBER 1, 2015 (budgets may be submitted prior to the deadline)
