**DELINQUENT BUDGET**

Note: Please complete this budget to reflect the combined budgets of all delinquent facilities in your school district that will receive Title I funding.

Local Delinquent Education program funds require separate accounting. Do not include these figures in the Title I General Budget. Do not include local neglected funds on the local delinquent budget.

The Delinquent Budget form allows the user to enter the specific breakdown of Title I expenditures claimed on the budget and, if necessary, to provide a description of expenditures. Note: Do not attempt to enter any figures in the “Total” fields as the total is automatically calculated as you enter specific expenditure figures. Round all amounts to the nearest dollar. Be sure the total project budget amount applied for on the Delinquent Budget does not exceed the new Title I delinquent allocation as noted at the top of the Delinquent Budget form. This budget is to reflect only the portion of the Title I program that will be paid with Title I, Part D funds received by your LEA.
The budget table shown above has been collapsed. The Delinquent Budget form may be expanded by row by clicking at the far left of the row or in whole by clicking the **Expand All** button to reveal the regular expenditure categories. The directions provided for the General Budget form can be used to assist the user in completing the Delinquent Budget form. Explanation of the expenditure categories in the Local Delinquent Education Budget can be found under the General Budget form section of Title I Program guidance.

The Staff Assignments form is required when salary amounts are indicated in the budget. If a staff count is added to the Staff Assignments form, then staff salaries must be added to the budget; and conversely, if a staff salary is included in the budget, then a staff count must be added to the Staff Assignment form.

**Note:** You are not required to report FTE on the budget form.

When all information has been entered on the Delinquent Budget form, the user may collapse the budget data to see an Expenditure Summary of total budget figures in each category by clicking the **Collapse All** button. The user may also collapse only certain budget rows by clicking at the far left of the budget table.

After all detail is completed, the user should click the **Finish** button. The user must fix all errors appearing in RED. The user must verify the YELLOW warning errors. A yellow highlight is simply a reminder to check your work.

✔️ **TIP:** Do NOT double-click the Finish button.

**Note:** If the indirect cost exceeds the maximum allowed for the salaries and benefits on the budget, a RED warning will be received and will need to be corrected prior to proceeding.

After all errors are corrected, the accuracy of the figures entered on the Delinquent Budget form verified, and the user has clicked the **Finish** button, you should receive the “District Finished” status for the Delinquent Budget form.

*Click on Delinquent Facility form of the Delinquent Program menu.*
**DELINQUENT FACILITY**

The Delinquent Facility form will show the Delinquent Budget Summary in collapsed format giving the totals for each expenditure account. This form will also show the Delinquent Facility table giving the name, location and allocation of each local delinquent facility within the local education agency receiving Title I, Part D funding. The user should enter the amount budgeted for each facility assuring that each is within the allocation limit for each facility. Once the user clicks the Save button, the total will be entered into the Delinquent Facility table. The user should click the Finish button once to be returned to the Delinquent Program Home screen.

**SUBMITTING THE APPLICATION**

As the user progresses through the list of application forms required for their local education agency under the Delinquent Program, “District Finished” will appear as the status as each form is completed.

Clicking the Submit button will send an automatic email to notify the SEA that the district has completed the application process. **Note:** Once the LEA submits the application, no changes can be made at the local level.

If a need arises to change budget figures prior to clicking the Submit button, the user may click the Delinquent Budget form on the Delinquent Home screen and click the Undo button on the Delinquent Budget form. This action will allow the user to make revisions to the budget as necessary. The user will need to click the Finish button and resolve any validation edits before again achieving the “District Finished” status.

**REPORTING TITLE I EXPENDITURES**

At the end of the project year, the district must declare final expenditures and complete the project budget via their Delinquent application. To initiate the process to report the district’s actual Title I, Part D Delinquent expenditures and receive final payment, as applicable, please follow the process outlined for each Title I program (general budget, carryover budget, migrant budget, local delinquent budget, SINA budget). Please note that all Title I budgets are to be finalized prior to July 15.

The most critical step to reporting Title I expenditures is to first decide if the budget you are reporting on needs to be amended. You need to file an amendment if:

- The total expenditures are less than the approved budget amount.
The total spent in an expenditure category exceeds the budgeted amount by more than 10 percent.

There are reimbursable Title I expenditures not included in the approved budget.

**Note:** If the district needs to file an amendment, please follow through with that process before reporting the Title I expenditures for the program.

Once a Title I application has been approved by the program consultant and Title I administrative consultant, the district will receive an email to that effect. At this point there will only be two options: to add an amendment or finish the budget. After April 15, the **Finish** button will appear on each Title I budget to allow a district to report Title I expenditures as final.

✓ **TIP:** The Finish button should **NOT** be clicked until the end of the project year when expenditures have been made and the district is ready to close out the program following the process outlined in this section.

To finalize a budget, go to the budget form of the Title I application program. Work your way through the following questions to determine if your district is ready to finalize or needs to complete a budget amendment before finalizing.

**Are Title I project expenditures complete?** Complete means all costs approved on budget have been paid (exception: salaries and benefits, which are fixed costs).

**NO** - Title I project expenditures, other than salaries and benefits, are **NOT** complete. You must wait until all Title I expenditures have been paid to close out your budget and then start the process over by answering this question again.

**YES** – Title I project expenditures, other than salaries and benefits, are complete. The next question is:

**Is the following a true statement:** A review of our Title I expenditures shows that:

- We did not spend less than the approved budget amount;
- We do not want to spend funds for something we did not include in the approved budget; and
- Our expenditures in any category do not exceed the approved amount by more than 10%.

**NO** – Our expenditures do not meet all three of the conditions above. You must complete an amendment process prior to reporting Title I expenditures as final.

**YES** – The district Title I contact and/or business manager agree that our expenditures meet all three of the conditions above. You may click the **Finish** button to finalize your program for the current school year and initiate the final payment, as applicable, to your district.

✓ **TIP:** You are reminded that the Finish button should not be selected until the user is certain all project budget expenditures are final and accurately listed in the project budget being certified as complete.

The local education agency is required to report Title I expenditures as final for each approved program (i.e. Title I general and carryover funds, migrant funds, local delinquent funds, SINA funds).

**Amending a Delinquent Budget**

For various reasons, it may become necessary for an LEA to amend the approved budget during the project year. You need to file an amendment if:

- The total expenditures are less than the approved budget amount.
The total spent in an expenditure category exceeds the budgeted amount by more than 10 percent.

- There are reimbursable Title I expenditures not included in the approved budget.

To complete this process, the LEA must submit an electronic amendment to the applicable approved budget of the Title I application. **Note:** If the district needs to file an amendment, please follow through with that process before reporting the Title I expenditures for the program.

The option for amending the Title I Local Delinquent Budget becomes available electronically once the SEA approves the local delinquent budget. The following is the amendment process for the local delinquent budget:

1. From the Delinquent Budget form of the Title I Delinquent Program application, click the **Add Amendment** button.
2. Complete the new budget by changing only those numbers that need to be changed. The totals will change as the user enters each number.
3. Click the **Save** button to save the new amended budget; then click the **Finish** button to return to the Delinquent Home screen.
4. Submit the amended budget by clicking the **Submit** button.

The amended budget will go through the approval process at the State Title I office. As budget amendments are approved, necessary adjustments in payments will automatically be made. When amending to reflect your actual expenditures, please wait for the amendment to be approved by the state Title I office before reporting Title I expenditures as final. **Note:** The original budget will be available following an amendment process by using the lookup menu on the local delinquent budget form.
