

Iowa Department of Education

Homeless Education Set Aside

Note: The Homeless Education form must be completed in order for the Title I application to be approved.

For technical assistance regarding Homeless Education contact Sandy Johnson at sandra.johnson@iowa.gov; or 515/281-3965.

Children and youth in homeless situations are automatically eligible for Title I services whether or not they live in a Title I school attendance area or meet the academic standards required of other children for eligibility. Homeless children may receive Title I educational or support services from schoolwide and targeted-assistance school programs. The LEA must provide comparable services to a homeless student who does not attend a Title I school.

The Homeless Education form is required for all local education agencies. This form must be completed before the district will be allowed to submit the Title I application and receive Title I funds.

The user should have entered on the Contacts form the contact information for the Local Homeless Liaison. A Local Homeless Liaison is a local education agency staff member (other than the district Superintendent) who is responsible for ensuring the identification, school enrollment, attendance, and opportunities for academic success of students in homeless situations. (e.g. School Counselor, At-Risk Coordinator, etc.)

Using the Title I Homeless Set Aside Funds

All public schools and districts receiving federal fund must ensure that services are provided to children and youth who are experiencing homelessness. To assist with these services, the law requires that school districts set aside Title I funds, as necessary, to provide comparable services. These funds can also support educationally related services to children in shelters to succeed in school and to meet the academic achievement standards.

Comparable services may not necessarily mean the same services; therefore, these funds may be used to provide services that are not ordinarily provided to other Title I students.

If a district has students who meet the definition of homelessness according to the McKinney-Vento Act, listed below are some strategies on how Title I homeless set-aside funds may be used. These funds may be used to assist homeless students in Title I and Non-Title I schools. All homeless students in the district may benefit from these funds.

Allowable Uses of Title I set aside:

- Tutoring services (remedial or accelerated instruction), especially in shelters or other locations where homeless students live
- Before-school/after-school, and/or summer programs,
- Services to enable students to enroll in, attend, and succeed in school
- Personal school supplies such as backpacks and notebooks
- Items of clothing to meet a school's dress code or uniform requirements
- Shoes necessary to participate in physical education classes

- Student fees necessary to participate in the general education program
- Graduation cap and gown / graduation fees
- Birth certificates necessary to enroll in school
- Counseling services/domestic violence counseling services
- Parental involvement specifically oriented to reaching out to parents of homeless students
- Homeless awareness activities
- Research-based programs that benefit highly mobile students
- Fees for SAT/ACT testing if not waived by college or university
- Cost of GED for an unaccompanied homeless youth
- Health related services may be allowed if funds are not reasonably available from public or private sources (as a last resort, health, nutrition, other services such as eyeglasses and hearing aids, immunizations, and dental needs).

Not allowable

- Physicals for sports participation or sports uniforms
- Clothing for family members (parents of homeless students)
- Rent/motel/hotel (any housing expenses), Utilities, storage units, etc.
- Prom dresses/tuxedos
- Yearbook fees

Supplement, Not Supplant

It is a requirement that Federal Title I funds cannot supplant other state or local funds, but should supplements (expand on or increase) the current services offered. In other words, Title I funds cannot be used for initiative that are a part of the core services provided by public schools and services that schools are required to provide (even in the absence of Title I funding).

Mandatory Reservation of Title I, Part A Funds for Homeless Education

Section 1113 (c)(3)(A) of NCLB states: *“A local education agency shall reserve such funds as necessary under this part to provide services comparable to those provided to children in schools funded under this part to serve homeless children who do not attend participating schools, including providing educationally related support services to children in shelters and other locations where children may live.”*

The LEA must identify set aside funds for service to homeless children as part of the online Title I application. This set aside is required when students are identified as meeting the McKinney-Vento Act definition of homelessness. The set aside funds may then be used to serve the needs of any homeless students in the district.

Schools districts must establish their own method for allocating Title I, Party A, set asides for homeless children and youth. Generally, these methods involve conducting a needs assessment for homeless students in the school district or basing the set-aside amount on the formula, such as a per pupil expenditure. Determining an appropriate amount requires coordination between that Title I coordinator and the Homeless Education Liaison.

Iowa requires districts to indicate the Title I, Part A homeless aside amount and formula on the annual Title I application.

Below are some methods that may be used to calculate the local Title I, Part A set aside

Method #1: Reserve the set aside amount based on anticipated needs of homeless students. Based on the district's prior years expenses related to fulfilling the requirements set out in section 722(g)(6) McKinney-Vento, set aside an amount that will allow the district to provide appropriate services.

Method #2: Reserve the set aside amount based on the homeless student count from previous year Spring SRI and Title I, Part A per-pupil allocation. To reserve funds by using the method, take the homeless children and youth count multiplied by the Title I, Part A per-pupil allocation.

Method #3: Reserve the set aside amount on percentage. A specific percentage of funds for homeless children and youth can be reserved based on the Title I, Part A allocation, or on the districts poverty percentage, the district will also have a higher number of homeless children and youth.

Method #4: Reserve the set aside amount based on free/reduced lunch count. Statistically, 10% of children living in poverty will experience homelessness within any given year. *Using the free/reduced lunch count, estimate the number of homeless students in your district who may experience homelessness this school year. For examples:

- a. The district's free/reduced lunch count = 100 students
- b. 10% of whom could become homeless = 10 students
- c. The district's Title I Part A per pupil allocation is \$755 per student
- d. Using this method the Title I, Part A Homeless set-aside would be \$7550.00

As part of the Title I, Part A on-line application, all districts will:

- Indicate the method chosen to set aside an amount for homeless children and youth
- Indicate the Title I dollars set aside for Homeless Student Services based on the number of homeless students.
- Describe how the services for homeless students will be coordinated and integrated with Title I, Party A services and relate to the set aside funds.

Homeless Education Assurances

If the school district has not identified homeless children and youth, it is not required to reserve Title I, Part A funds. However, all districts must assure that following requirements for outreach and identification have been met according to the McKinney-Vento Homeless Education Assistance Improvement Act of 2001:

- The local school district has appointed a homeless education liaison; this may not be the district's Superintendent
- Public notice of the educational rights of homeless children/youth is disseminated where such children and youths received services under the McKinney-Vento Act, such as schools, family shelters, and food pantries
- The liaison collaborates with the local service providers such as social services, shelter staff, and other community support services to ensure identification of homeless children and youth.
- The school district has established a process to identify homeless students in its local student data record system.

NEW U.S. Department of Education Policy Change – FY2014 – Continuing FY2015 & FY2016

Title I Set-aside Funds for Support of Homeless Children and Youth

The following new information applies only to funds subject to authority in FY2014 Appropriations Act, continuing FY2015 & FY2016

The FY2014 Omnibus Funding Bill - continuing FY2015 included a significant policy change regarding the use of Title I, Part A funds to support homeless children and youth. The legislation specifically allows the use of Title I, Part A dollars to "...provide homeless children and youths with services not ordinarily provided to other students under those sections, including supporting the liaison designated pursuant to Section 722(g)(1)(J)(ii) of the McKinney-Vento Homeless Assistance Act, and providing transportation pursuant to Section 722(g)(1)(J)(iii) of such Act."

This policy will apply to the FY2014 Title I, Part A funding (Basic, Concentration, and Targeted Grants) that becomes available to States on July 1, 2014. It reserves a U.S. Department of Education interpretation of the Title I, Part A statute which prohibited the use of Title I, Part A dollars to transport homeless children and youth to their schools of origin. It also clarifies that Title I, Part A dollars can serve the unique needs of homeless students by providing services different from those ordinarily provided with Title I, Part A funds, and that Title I, Part A funds can support McKinney-Vento homeless liaisons.

Visit <http://center.serve.org/nche/legis/omnibus.php> for more information about Title I and homelessness and the requirement for school districts to reserve funds to provide educationally related support services to homeless children.

What does this mean?

Continuing appropriations allows FY 2015 Title I, Part A funds can be used for school of origin transportation, but the required set aside for comparable services must still be reserved. The Appropriations Act affords an LEA new, additional authority to use fiscal year 2015 Title I funds to pay for the homeless liaison FTE and for the excess cost to transport homeless students to their school of origin. **However**, this option does not replace the required (or regular) homeless set-aside.

US Department of Education Letter:

<http://www2.ed.gov/programs/homeless/homelesscoord0815.pdf>

- The authority in the FY2014 Appropriations Act (continuing FY2015) in no way removes the requirement under Section 1113(c) (3) (A) of the Elementary and Secondary Education Act of 1965, as amended (ESEA), that a local education agency (LEA) reserve the amount of Title I funds that is necessary to provide comparable Title I services to homeless children attending non-Title I schools.
- An LEA may continue to use Title I set-aside funds to provide comparable services to homeless students attending Title I schools and non-Title I schools that are not ordinarily provided to other Title I students, such as those described in Question G-11 of the Title I, Part A Use of Funds guidance.

Visit <http://www2.ed.gov/policy/gen/leg/recovery/guidance/titlei-reform.doc> for Title I Use of Funds guidance.

- The new "Optional" reservation does not replace the Section 1113(c)(3)(A) requirement:
 - Transportation: New authority expands the use of Title I set-aside funds to be used for incremental cost of transporting homeless children/youth to and from the school of origin. This option is additional to the required set-aside funds used to provide reasonable and necessary services for instructional and educational support.

- **Support of Homeless Liaison:** Supporting the liaison designated pursuant to Section 722(g)(1)(J)(ii) of the McKinney-Vento Homeless Assistance Act with salary support devoted to liaison duties up to the full FTE.

Examples

District A: reserves \$5000 as the Title I homeless set-aside for instructional and related services to homeless children and youth. Under Section 1113(c)(3)(A), this is the required reservation for comparable services. District A may reserve an optional amount for incremental costs of transporting homeless students to and from their school of origin.

Title I Homeless Set-Aside = Required \$5000 plus the Optional \$2000 for transportation

- Required Set-Aside = \$5000 (services such as tutoring, etc.)
- Optional Set-Aside = \$2000 (incremental transportation costs)

District B: reserves \$5000 as the Title I homeless set-aside for comparable service as required; but chooses not to reserve for incremental costs of transportation to and from school of origin.

- Required Set-Aside = \$5000 (services such as tutoring, etc.)
- Optional Set-Aside = \$0 (incremental transportation costs)

Note: The **Optional** Set-Aside does not replace the **Required** Set-Aside for comparable services.

If Methods 1-4 were not selected, please check the appropriate reason below.

- Reason #1: No homeless students have been identified by the school district.

The number above has been pre-populated from spring 2014 Student Reporting in Iowa (SRI) data.

The district should indicate the method that was used to set aside an amount for homeless children and youth. Below are methods that may be used to calculate the local Title I, Part A, set aside:

- Method #1: Reserve the set aside amount based on anticipated needs of homeless students. Based on the district's prior years expenses related to fulfilling the requirements set out in Section 722(g)(6) of McKinney-Vento, set aside an amount that will allow the district to provide appropriate services.
- Method #2: Reserve the set aside amount based on the homeless student count and Title I, Part A, per-pupil allocation. To reserve funds by using this method, take the homeless children & youth count multiplied by the Title I, Part per-pupil allocation.
- Method #3: Reserve the set aside amount on percentage. A specific percentage of funds for homeless children and youth can be reserved based on the Title I, Part A allocation, or on the district's poverty data. Generally, if the district has a higher poverty percentage, the district will also have a higher number of homeless children and youth.
- Method #4: Reserve based on free/reduced lunch count. Statistically, 10% of children living in poverty will experience homelessness within any given year. Using the district's free/reduced lunch count, estimate the number of homeless students who may experience homelessness in the district this school year. For example:
 - The district's free/reduced lunch count=100 students
 - 10% of whom could become homeless=10 students
 - The district's Title I, Part A per pupil allocation is \$755 per student
 - Using this method the Title I, Part A Homeless set-aside would be \$7,550.00

As part of the Title I, Part A online application, all districts will:

- Indicate the method chosen to set aside an amount for homeless children and youth.

- Indicate the Title I dollar amount set aside for Homeless Student Services in non-Title I buildings (including middle schools and high schools).
- Describe how the services for homeless students attending non-Title I buildings will be coordinated and integrated with Title I, Part A services and relate to the set aside funds.

\$0.00 Dollar amount set aside for Homeless Student Services from the Title I Budget.

\$0.00 Optional Dollar amount set aside for Homeless Student Services from the Title I Budget.

If Method 1 - 4 selected, describe how the services for homeless students attending non-Title I buildings will be coordinated and integrated with Title I, Part A services and relate to the set aside funds.

Homeless Assurances

If the school district has not identified homeless children and youth, it is not required to reserve Title I, Part A funds. However, all districts must assure the following McKinney-Vento Homeless Education Assistance Improvement Act of 2001 requirements for outreach and identification have been met:

- The local school district has appointed a homeless liaison.
- Public notice of the educational rights of homeless children/youth is disseminated where such children and youths receive services under the McKinney-Vento Act, such as schools, family shelters, and soup kitchens.
- The liaison collaborates with local service providers such as social services, shelter staff, and other community support services to ensure identification of homeless children and youth.
- The school district has established a process to identify homeless students in its local student data record system.

I agree The district assures that the above McKinney-Vento Act requirements have been met.

2014-2015 District not Updated

Comments (0) Save Finish Close

The Homeless Assurances as noted above must be read and agreed to in order for the Title I application to be approved.

Once all data has been entered on the Homeless Education form, the user should click the **Finish** button and address any validation edits. When the form is accepted, the user will be returned to the Title I Home screen and the Homeless Education form will be moved to the bottom of the list with the “District Finished” status.

✓ **TIP: Do NOT double-click the Finish button.**

Click the Staff Assignments form to be completed next.
