Pursuant to the authority of Iowa Code section 256.7(5), the State Board of Education hereby amends Chapter 67, “Educational Support Programs for Parents of At-risk Children Aged Birth Through Three Years,” Iowa Administrative Code.

These proposed amendments would revise what is known as the “Shared Visions” early education grant program, with changes in eligibility for participation in the parent support component and changes in the grant process of the entities providing this service. The proposed amendments would increase the age range of at-risk children whose parents may participate in the program from birth through age three to from birth through age five, with emphasis on the original age group being served. Criteria in the grant program have been modified such that competitive grants will be awarded with a renewal option for up to five years if the program requirements are met.

An agencywide waiver provision is provided in 281—Chapter 4.

Notice of Intended Action was published in the April 3, 2014 Iowa Administrative Bulletin as ARC #1396C. Public comments were allowed until 4:30 p.m. on April 22, 2014. A public hearing was held on that date with no one in attendance. Some written comments concerning the related chapter 64 rules were received but no comments specific to this proposed rule was received.

These amendments are largely unchanged from those at the Notice stage. Responding to positive input from the State Board of Education, emphasis is placed on parents who are in the birth through three year old age group though the program continues to provide service to parents of children through age five. Other changes mirror chapter 64 changes
in retention of a 45 day notice as stated in the status quo as well as removal of some language concerning future eligibility of potential grantees.

After analysis and review of this rule making, no impact on jobs has been found.

These amendments shall become effective on July 16, 2014.
