Pursuant to the authority of Iowa Code section 256.7(5), the State Board of Education hereby amends Chapter 79, “Standards for Practitioner and Administrator Preparation Programs,” Iowa Administrative Code.

Chapter 79 outlines the standards and program requirements that all educator preparation programs must meet in order to be accredited to prepare educators in Iowa. Compliance with these standards is required and evaluated during each educator preparation program’s accreditation review. The standards are also applied in an annual reporting system.

The current standards are in need of updating to remain current with research-based best practices in educator preparation, accountability, and continuous program improvement. The State Board of Education hereby adopts this rule making to update the current standards pursuant to its authority under Iowa Code section 256.7(3).

A team of 19 Iowa educators, Department of Education staff, and Board of Educational Examiners staff developed the proposed changes. The proposed changes were subsequently vetted by educators and policy experts in Iowa and across the United States.

An agencywide waiver provision is provided in 281—Chapter 4.

Notice of Intended Action was published in the October 15, 2014, Iowa Administrative Bulletin as ARC 1674C. Public comments were allowed until 4:30 p.m. on November 4, 2014. A public hearing was held on that date. No one attended the public hearing. Written comments regarding these rules were received via two emails from five
individuals employed by the University of Northern Iowa. Those comments expressed concerns with IAC 281 – 79.12(5) which requires that “Faculty members engage in professional education and maintain ongoing involvement in activities in preschool and elementary, middle, or secondary schools. For faculty members engaged in teacher preparation, activities shall include at least 40 hours of teaching at the appropriate grade level(s) during a period not exceeding five years in duration.” That subrule is drawn directly from Iowa Code Section 272.25(2) which requires that the State Board of Education adopt rules that include that 40 hour requirement.

These rules are identical to those published under Notice of Intended Action.

After analysis and review of this rule making, no impact on jobs has been found.
