Review current orientation materials
Does anything need to be updated?
Are the materials & process engaging to new members?
How can we infuse IT KIT training and materials?
May want to tape Gina Greene’s vehicle presentation for further use-perhaps
This presentation could be a pod cast for members to review prior to first meeting
Would we want to consider “café” concept for the introductions of the agencies?
Could IT KIT be podcast? Or training before regular council meeting?
Minutes:  Early ACCESS Executive Committee Meeting

Must explain it is the process that the council will use and give an example of what it will be used for.
IT KIT – common language is needed – especially definitions from the IT KIT. Like Podcast idea for IT KIT.

Informal Systems Concerns Report

No return information from AEA
Lack of Spanish interpreter
Lack of summer screening for audiology
Lack of follow up call from an audiologist
Involves 4 AEAs.

- Two came from physicians
- Three came from EA Iowa Central Point in Contact – who do follow up tracking with families following referral.

Executive Committee would like to see for a summary – what do you want to learn?
Chris will try to gather information from Marions’s old data to see if there are trends and specific regions.
Directions need to be changed so that the AEA or Agency Director receives the informal complaint along with the EA Liaison and Coordinator if there is one.
Michael Bergen suggested that the Council needs to know about trends but not the details as a Council who advises.
Suggested that Informal Systems Concerns become a standing agenda item on the ICEA Executive Meeting agenda.

Sharing and adjournment

Paula Connolly bought camp list.
Chris Rubino – DHS Parent Partner Summit will be in May
Julie Hahn – EDHI conference was wonderful and it helped with Olivia’s IEP.
Julie Curry – presenting at IPHA Conference with Debra Waldron next week on environmental toxins.
