OVERVIEW

General Information:

- Supporting detail for students' enrollment for Certified Enrollment must be retained by the district for a minimum of five years. This information must be kept on file for use by the auditor to verify the numbers reported.
- Not all students included in EASIER student reports are included on the certified enrollment count for funding through the school aid foundation formula.
- NOTE: The weighted count for special education students is the last Friday in October thru a different data collection. Not all students included on the special education count are included on the certified enrollment count.

Dates to Remember:

September 4:	VRF, State Reporting, and Certified Enrollment test sites open
September 19 :	Approve test files into Certified Enrollment
September 26:	Certified Enrollment test site closes
September 28:	VRT test site closes (all test files will be deleted)
October 1:	VRF, State Reporting, and Certified Enrollment collection sites open
October 8:	Final date to get district file(s) moved into Certified Enrollment
October 15:	Final date to certify district data (IAC 257.6.1a(7c))

After October 15, changes can only be made through the district's auditor. Give all information regarding the proposed change to your auditor when the 2011-2012 financial records are audited. The auditor will review the proposed change and the enrollment records. The auditor will contact the Department of Management and the Department of Education if the enrollment records support the adjustment.

NOTE: All coding notes and text in *gray italics print* and/or enclosed in gray shaded boxes on the following pages indicate students whose records will NOT be read for Certified Enrollment or students not eligible for Certified Enrollment

STUDENTS ELIGIBLE FOR CERTIFIED ENROLLMENT

Resident Public Students Attending Your District and Reported by Your District Weighting = 1.0 for Resident District

Resident students, regular and special education, enrolled and participating in the district's program OR for whom the district has a valid contract to pay tuition to a community college or AEA (IAC 257.6.1a(1)), who are not CPI students.

1. REGULARLY ENROLLED IN YOUR DISTRICT: Includes the following:

- a. All resident students that were at least 5 years old and less than 21 years of age on September 15 in a regular school program with established curriculum and taught by a certified teacher. This includes resident students enrolled less than full-time, and resident students enrolled in an alternative school/program or at-risk program in your district.

This DOES NOT include CPI, non-public shared or public-shared time students.

Entry Code = '1' (Enrolled)

and Gradelevel = 'KG' thru '12'

and Resident District is yours

OR

GRD = 'PK5'

and Preschool Program Type 2 = '1' (KG) or '2' (Transitional KG)

and Resident District is yours

- b. Resident pre-kindergarten students at least 3 years old on September 15 in a **special education** program (served pursuant to an instructional IEP) (IAC 257.6.1a(1)).

NOTE: Weighted counts for special education students will be taken on the last Friday in October thru a different data collection.

Entry Code = '1' (Enrolled)

and IEP = '3' (Instructional IEP)

and Gradelevel = 'PK'

and Resident District is yours

2. FOREIGN STUDENTS: Foreign students residing in and attending school in your district who are **not** participating in a foreign exchange program and have a visa other than an F-1 or J-1 (e.g. B-2)

Entry Code = '19' (Foreign Student on Visa)

and Resident District is yours

NOTE: Foreign students on J-1 or F-1 Visas are NOT included in CE count. These students are coded as follows:

J-1 Visa Holders:

Entry Code = '11' (Foreign Exchange Student)

F-1 Visa Holders:

Entry Code = '3' (Tuitioned In Parent Paid)

3. PROGRAM AT COMMUNITY COLLEGE: Resident students attending a high school program offered by a community college for whom your district pays tuition (IAC 257.6.1a(2)). This includes, but is not limited to **special education** students under the age of 21 on September 15, whose IEPs specify continuation after completion of a high school program in a special education program offered by a community college (e.g. STRIVE).

Entry Code = '1' (Enrolled) or '19' (Foreign student on Visa)

and Grad Status = '0' (No)

and Service Provider/Facility Code = 8-digit code for Community College (Refer to Addendum I of Data Dictionary)

and Service Type = '4' (Transition Services) or '5' (Dropout Prevention)

and Resident District is yours

NOTE: Students pursuing a GED, a community college "high school diploma equivalent", or an adult diploma through a community college are NOT included in your CE count.

Exit Code = '4' (Dropout).

4. EXPELLED STUDENTS: Resident **special education** K-12 students previously enrolled in your district, including those off site (IAC 257.6.1a), whose expulsion period includes October 1, and to whom instructional services are being provided.

Entry Code = '1' (Enrolled) or '19' (Foreign student on Visa)

and Exit Code = '5' (Expelled) OR '29' (Expulsion Continuing from Previous Year)

and IEP = '3' (Instructional IEP)

and Receiving Educational Services = '1' (Yes)

and Destination Code = '99' (Not Applicable)

and Destination Location is Not Applicable

and Resident District is yours

NOTE: If the school board has ruled a regular education student expelled, that student needs to be reported as expelled, whether or not the student is receiving educational services during the expulsion period.

5. HOSPITAL OR HOME BOUND: Resident students medically fragile or otherwise unable to attend school and to whom instructional services are being provided

Entry Code = '1' (Enrolled) or '19' (Foreign student on Visa)

and Exit Code = '9' (Illness)

and Receiving Educational Services = '1' (Yes)

and Destination Code = '99' (Not Applicable)

and Destination Location is Not Applicable

and Resident District is yours

6. DAY SERVICE/TREATMENT PROGRAMS: These students return home at night rather than spend the night at the facility.

Due to the variation of billing practices, it is vital that your district contact the district housing the treatment facility to ensure this student is properly reported. **If the housing district does not report their day service students** (these students return home at night rather than live in the facility) your district will report them as follows:

Entry Code = '1' or '19'

and Service Provider/Facility = 8-digit code for Day Services (Refer to Addendum I of Data Dictionary)

and Service Type = '1' (Day Treatment Services)

and Resident District is yours

NOTE: *If the housing district does report these students, you will exit the student as '3' (Tuitioned Out District Paid) with the Destination Code and Location of that school district.*

7. YOUTH SHELTER OR JUVENILE DETENTION CENTER: Resident students in an AEA Juvenile Detention or Shelter Care program who will be returning to school with you when they are released or moved to another facility should be kept actively enrolled in your system.

Entry Code = '1' or '19'

and Service Provider/Facility = 8-digit code for Shelter or Detention Center (Refer to Addendum I of Data Dictionary)

and Service Type = '99' (Not Applicable)

and Resident District is yours

8. AEA SCHOOL OR SPONSORED PROGRAM: Resident students attending an AEA School or sponsored program (does NOT include youth shelters or detention centers). These students return home at night rather than live in the facility.

Entry Code = '1' (Enrolled) or '19' (Foreign student on Visa)

and Service Provider/Facility Code = 8-digit code for AEA School/Sponsored Program (Refer to Addendum I of Data Dictionary)

and Service Type = '99' (Not Applicable) for AEA Schools and AEA non-transition services OR '4' (Transition Services)

and Resident District is yours

9. STUDENTS PARTICIPATING IN A FOREIGN EXCHANGE PROGRAM: Resident students who are temporarily not physically attending your district classes and are provided instructional services by your district through correspondence or Internet-based coursework.

Entry Code = '1' (Enrolled) or '19' (Foreign student on Visa)

and Grad Status = '0' (No)

and Service Provider/Facility Code = '90900000' (Another Country)

and Service Type = '99' (Not Applicable)

and Resident District is yours

NOTE: *If these students are not being provided any instructional services by your district while abroad they are NOT included in your CE count and are coded as follows:*

Exit Code = '1' (Transferred Out of District)

and Destination Code = '9' (Out of Country)

and Destination Location is Not Applicable

10. OUT-OF-STATE FACILITY:

Resident **Special Education** students, for whom parental rights have NOT been terminated, who have been placed in a facility out-of-state by the Iowa court system, Iowa DHS, or IEP team or **Regular education** students for whom your district has initiated placement out of state

Entry Code = '1' (Enrolled) or '19' (Foreign student on Visa)

and Service Provider/Facility Code = 8-digit code for state (Refer to Addendum I of Data Dictionary)

and Service Type = '1' (Day Services), '2' (PMIC Residential), or '3' (Non PMIC Residential) and Resident District is yours

NOTE: **Regular education** students placed in an out-of-state facility by their parents are NOT part of your CE count and are coded as follows:

Exit Code = '1' (Transferred Out of District) OR '11' (Tuitioned Out Parent Paid)

and Destination Code = '8' (Out of State)

and Destination Location = 8-digit code for state housing the facility

11. JR/SR RULE:

Regular Education non-resident 11th and 12th grade students who were residents of your district during the preceding school year, who were not, and are not under open enrollment, who are still residents of the state of Iowa, and who are enrolled in your district until graduation (IAC 257.6.1a(4)).

Entry Code = '1' or '19'

and Resident District is yours

NOTE: The Jr-Sr Rule does not apply to students who have moved out of state. These students are coded as follows:

Entry Code = '10' (Tuitioned In NonResident Out of State)

and Resident District is 4-digit code for students' state of residence

12. PMIC RESIDENTIAL FACILITIES

Resident students living in a psychiatric unit of a hospital or a PMIC not operated by the state and which is located **in your district** (IAC 282.27), and are enrolled in your education program of the public school district on October 1

Entry Code = '1' (Enrolled) or '19' (Foreign student on Visa)

and Service Provider/Facility = 8-digit code for PMIC (Refer to Addendum I of Data Dictionary)

and Service Type = '2' (PMIC Residential)

and Resident District is yours

13. **NON-PMIC RESIDENTIAL FACILITIES:** Includes foster care facilities, licensed foster single-family homes, and other residential treatment facilities **in your district**. Does NOT include facilities operated by the state, PMICs, MHIs, AEA Juvenile Shelters or Detention Centers (IAC 282.31(1b) and (2a)).

NOTE: Your district will need to get the list of these students from the student enrollment forms maintained by the facility. Lists provided by DHS include special education students, students younger or older than school age, out-of-state students, and students who have completed their high school program or received GEDs - none of which can be included in your certified enrollment.

ALL REGULAR EDUCATION

Entry Code = '1' (Enrolled)

and IEP <> '3' (Instructional IEP)

and Foster Care = '1' (Yes and would not live in the district if not in foster care)

OR '2' (Yes and would live in the district if not in foster care)

and Service Provider/Facility = 8-digit code of facility (Refer to Addendum I of Data Dictionary)

and Service Type = '3' (Non-PMIC Residential)

and Resident District is your district (NOTE: upon placement, all regular education students become residents of the district that houses the non-PMIC residential facility)

RESIDENT SPECIAL EDUCATION – PARENTAL RIGHTS HAVE NOT BEEN TERMINATED:

Entry Code = '1' (Enrolled)

and IEP = '3' (Instructional IEP)

and Foster Care = '2' (Yes and would live in the district if not in foster care)

and Service Provider/Facility = 8-digit code of facility (Refer to Addendum I of Data Dictionary)

and Service Type = '3' (Non-PMIC Residential)

and Resident District is your district

Entry Code = '1' (Enrolled) or '19' (Foreign student on Visa)

and Service Provider/Facility Code = '90989600'

and Service Type = '99' (Not Applicable)

and Resident District is your district

*NOTE: Although special education services may be provided to IEP students while serving their sentence (which makes them eligible for your **special education count**), the date of sentencing ends a student's eligibility for certified enrollment funds and is coded as follows:*

Exit Code = '1' (Transfer)

and Destination Code = '11' (Incarcerated)

and Destination Location is Not Applicable

Statewide Voluntary Preschool Program Funded Students (Weighting = 0.5 for Attending District)

All Iowa **regular education** pre-kindergarten students and special education pre-kindergarten students with **IEPs for Support Services only** (no instructional services) enrolled and served by a department-approved statewide voluntary 4-year-old preschool program within your district boundaries. Students must be 4-years-old on September 15.

NOTE: If students are included in another state or federally funded preschool program (e.g., Headstart), the students may only be included if the Statewide Voluntary Preschool Program Funding supplements, but does not supplant, the preschool program costs by the other state or federal funding

English Language Learners Resident Public Students (formerly known as Limited English Proficient) (Weighting = 0.22 for Resident District)

The purpose of English Language Learners (ELL) weighting is to provide additional funding for the excess costs of instruction of ELL KG-12 students (includes PK with instructional IEP) above the costs of instruction of students in regular curriculum (IAC 280.4)

NOTE: Students are eligible for funding for a total of 4 years based on residence and enrollment status (as of Count Day) in the district. If students are in need of services beyond the fourth year, the district may request modified allowable growth from the SBRC to provide funding for continued services. However, students may not be included for ELL weighting in CE beyond the four year of services in your school district for that student. For more information on requesting modified allowable growth from the SBRC, refer to the SBRC application data collection.

Exit Code = '11' (Tuitioned Out Parent Paid)
and Destination Code = '1' (Iowa Public School District)
and Destination Location = the 8-digit code for the Attending District
13. **Regular education** students who have been placed in a facility out-of-state by any reason other than your district making the placement (e.g., the Iowa court system, Iowa DHS, or parental choice)
Exit Code = '1' (Transferred Out of District)
and Destination Code = '8' (Out of State)
and Destination Location = the 8-digit number of the specific state housing the facility
14. Preschool students (regular or special education) who were less than 5 years of age on September 15 and who were not enrolled in a department-approved statewide voluntary preschool program.
Entry Code = '1' (Enrolled)
and Gradelevel = 'PK'
and IEP <> '3' (Instructional IEP)
and Funded by SWVPP = '0' (No)
15. Nonresident students except as specifically authorized by code.
16. **Regular education** students who were eligible to receive a diploma with the class in which that student was enrolled and that class has graduated and that student continues enrollment in the district to take courses provided by the district, or offered by a community college, or to take PSEO courses.
17. PK5-year-olds that are not being served in a Transitional Kindergarten or Kindergarten program
18. **Special education** foster care students whose parental rights HAVE been terminated
Entry Code = '15' (Tuitioned In State Paid)
and IEP = '1' (PK Instructional IEP or KG-12any IEP)
and Foster Care = '1' (Yes, and would not live in the district if not in foster care)
OR '2' (Yes, and would live in the district if not in foster care)
and Resident District = '9098' (Iowa)
and Resident County = '00' (Other)

19. Resident students for whom the state or a state agency (e.g., the Board of Regents) pays tuition (262.43). NOTE: The most common example of this would be students whose parents reside on University property

Entry Code = '15' (Tuitioned In State Paid)

and Resident District = '0225' (Ames), '1044' (Cedar Falls), or '3141' (Iowa City)

20. Tuitioned In Nonresident Out-of State: Residency means where the child is physically present for the purpose of making a home and not solely for school purposes, that place where the student mainly and substantially performs those acts which characterize a home, such as sleeping, sitting, eating, and receiving visitors (OAG #46-9-5(L), Iowa Code section 282.2, 1 D/P.I. Declaratory Ruling 1, 1 D.P.I Declaratory Ruling 8, and 1 D.P.I. Declaratory Ruling 80, Mt. Hope School District v Henderickson 1971 Iowa 191, 193)]. Guardianship does not establish residency for certified enrollment purposes. Those students are coded as follows:

Entry Code = '10' (Tuitioned In Nonresident Out-of-State)

and Resident District is 4-digit Code for State of Residence

APPENDIX I: GLOSSARY

Resident Student: a child who is physically present in the district, whose residence has not been established in another district by law, or lives in a juvenile detention center, foster care facility, or residential facility in the district (IAC 282.1). No student can be a resident of more than one school district at the same time, and no student can be reported as more than 1.0 FTE.

Competent Private Instruction (CPI): Private instruction provided on a daily basis for at least 148 days during a school year, to be met by attendance for at least 37 days each school quarter, by or under the supervision of a licensed practitioner in the manner provided under IAC 299A.2 (licensed practitioner) or other person under IAC 299A.3 (nonlicensed person – parent, guardian, or legal custodian), which results in the student making adequate progress (IAC 299A.1).

Full-Time Equivalent (FTE): The number of periods of expected attendance of a student divided by the total possible number of periods of attendance for the year. For example, the FTE for a half-day, full-year kindergarten student would be calculated as follows:

$$(4 \text{ periods} * 180 \text{ days}) / (8 \text{ periods} * 180 \text{ days}) = 0.50$$

Home School Assistance Program (HSAP): Program which provides instruction or instructional supervision offered through a public school district by a teacher, who is employed by the public school district, who assists and supervises a parent, guardian, or legal custodian in providing instruction to a child. A home school assistance program is only available for students whose instruction is not otherwise supervised by a licensed teacher.

Jr Sr Rule: Resident regular education students who are in grades eleven or twelve who are attending the district in which they were resident students on the last day of the school year preceding their eleventh or twelfth grade school year under the junior-senior rule. Those students are not open enrolled and no tuition should be billed. Those students will be treated and counted as if they were resident students of the district that they were attending. However, if the students were already open enrolled prior to completing tenth or eleventh grade, then those students continue as open enrolled students. The junior-senior rule only applies to those that were not already open enrolled students at the time that they qualified for the jr-sr rule.

APPENDIX II: FTE GUIDE

NONPUBLIC SHARED TIME STUDENTS – DISTRICT OFFERED CLASSES

The following guides are used for shared time nonpublic students (Entry Code = '8' Nonpublic Shared Time), regardless of their districts of residence, who are enrolled in public school classes, in which public school students are also enrolled, or are provided public school services in the public schools of your district that are not available to them in the accredited non-public schools they attend. The nonpublic MUST be located in your district (256.12(1)).

These guides do NOT apply to students who...

- a. Attend non-accredited nonpublic schools*
- b. Attend classes or receive services only at the nonpublic school location*
- c. Are under competent private instructions, dual enrollment, or participating in a home school assistance program*
- d. Attend courses taught by teachers shared with a nonpublic school*
- e. Attend courses taken during the summer months when school is not in session*
- f. Attend classes or receive services for which your district is paid tuition or otherwise reimbursed*
- g. Receive technology services or textbook services rather than enrolled in classes*

Nonpublic students must actually enroll in the public school for courses to be counted, and all services must be on the public school district premises to be counted for certified enrollment shared-time. Certain district-offered services provided in the district's building are eligible to be included as if they were classes, but the FTE of class periods divided by total class periods available in a school year is limited to 0.04 for guidance/counselors and 0.01 for health/school nurses.

The following services may be offered on nonpublic school premises, but the students are not included on the certified enrollment as share time:

- a. Special education health services*
- b. Title I/ remedial education programs*
- c. Special education diagnostic services for speech, hearing, and psychological purposes*
- d. Assistance with physical and communication needs of special education students with physical disabilities*
- e. Services of a special education interpreter*
- f. Other special education services provided at the discretion of the school district with the permission of the nonpublic school*

Count nonresident nonpublic students that are enrolled in special education classes provided within your district school buildings rather than on the nonpublic school premises. Your district will not bill the resident district for the 1.0 money portion of the special education tuition. Do not count nonpublic students in classes or provided services at the nonpublic school location rather than in the public school – students served at nonpublic school sites are counted for special education counts by their resident districts but not for certified enrollment counts.

APPENDIX III: FTE GUIDE

CPI DUAL ENROLLED AND/OR CPI HSAP STUDENTS

Enrollment	Numerator	Denominator	Example	Explanation
CPI Dual Enrolled for Academic Activities Only	# enrolled periods in a certain time period	# total periods available to a full-time student in the same time period	1 block / 4 blocks = 0.25	Student attends 1 class on a 4x4 block schedule.
CPI Dual Enrolled for Extracurricular Activities or Testing Only	0	0		FTE = 0.00 because attendance for extracurricular activities or testing only is not reported.
CPI Dual Enrolled for Academic and Extracurricular Activities	# enrolled periods in a certain time period	# total periods available to a full-time student in the same time period	2 periods / 7 periods in a day = 0.29	Student attends 2 classes daily on a 7-period day schedule. The student's participation in volleyball is not included in the FTE calculation.
CPI HSAP	# projected contacts per year	180 school days	8 contacts per year / 180 = 0.04	HSAP instructor meets the minimum number of student-contacts as required by law.
CPI Dual Enrolled for Academics Only and HSAP	# enrolled periods in a certain time period	# total periods available to a full-time student in the same time period	3 periods per week (band) / 40 periods in a week = 0.08 (8-period day)	Student participates in band 3 days per week. School runs an 8-period day. HSAP participation is not included in the FTE calculation.
CPI Dual Enrolled for Extracurricular Activities or Testing Only and HSAP	# projected contacts per year	180	72 contacts / 180 = 0.40 (2 contacts per week)	HSAP instructor meets twice a week for 36 weeks during the year. The student's participation in activities or testing are not included in the FTE calculation.
CPI Dual Enrolled for Academics and Extracurricular Activities and HSAP	# enrolled periods in a certain time period	# total periods available to a full-time student in the same time period	48 classes per semester / 630 classes per semester = 0.08	Student is enrolled in 1 PSEO college course that meets 3 hours per week for 16 weeks. The public high school utilizes a 7-period day and 18-week semesters. The student's participation in basketball, track, and HSAP are not included in the FTE calculation.
