Barbara Burrows, Chief

Bureau of Career and Technical Education  
Pradeep Kotamraju, Chief

It is the policy of the Iowa Department of Education not to discriminate on the basis of race, creed, color, sexual orientation, gender identity, national origin, sex, disability, religion, age, political party affiliation, or actual or potential parental, family or marital status in its programs, activities, or employment practices as required by the Iowa Code sections 216.9 and 256.10(2), Titles VI and VII of the Civil Rights Act of 1964 (42 U.S.C. § 2000d and 2000e), the Equal Pay Act of 1973 (29 U.S.C. § 206, et seq.), Title IX (Educational Amendments, 20 U.S.C. §§ 1681 – 1688), Section 504 (Rehabilitation Act of 1973, 29 U.S.C. § 794), and the Americans with Disabilities Act (42 U.S.C. § 12101, et seq.). If you have questions or complaints related to compliance with this policy by the Iowa Department of Education, please contact the legal counsel for the Iowa Department of Education, Grimes State Office Building, 400 E. 14th Street, Des Moines, IA 50319-0146, telephone number: 515-281-5295, or the Director of the Office for Civil Rights, U.S. Department of Education, Citigroup Center, 500 W. Madison Street, Suite 1475, Chicago, IL 60661-4544, telephone number: 312-730-1560, FAX number: 312-730-1576, TDD number: 877-521-2172, email: OCR.Chicago@ed.gov.

## **IOWA COMMUNITY COLLEGES**

Iowa has a statewide system of fifteen community colleges. These public, postsecondary two-year institutions are organized as comprehensive community colleges. Each college serves a multi-county merged area which may vary in size from four to twelve counties; all of Iowa's 99 counties are included in one of the merged areas.

Community colleges are governed by locally elected boards of directors that consist of five to nine members who are elected for three-year terms.

Each community college offers a comprehensive educational program. All Iowans of post-secondary school age are eligible to attend any of the community colleges. Community colleges also offer special programs for students who attend local secondary schools.

Community colleges have an "open-door" admission policy which guarantees Iowans an opportunity for educational assistance and career development regardless of previous educational attainment. To implement this policy, community colleges offer (1) assistance in developing skills necessary for success in preparatory career and college parallel programs; (2) supplementary services to disabled and disadvantaged students; and (3) a variety of other support services designed to help students succeed.

The community colleges offer programs in three major areas of instruction:

- Through adult education, the community colleges provide part-time programs for adult students. These programs include: adult basic education programs for adults who have less than an eighth grade education; high school completion programs leading to adult high school diplomas and high school equivalency diplomas; supplementary career programs of vocational and technical education for upgrading the skills of employed Iowans; and continuing education programs for adults who desire instruction to meet pre-occupational training needs, vocational and recreational interests, or other needs.
- The preparatory career programs of vocational and technical education provide preparation for immediate employment in a wide variety of careers. Those training programs ordinarily require full-time instruction of four weeks to two years. Many of these programs are cooperative programs which provide classroom instruction in conjunction with paid employment experience related to the career preparation and many are available on a part-time basis.
- The college parallel program provides arts and sciences courses that may be transferred to other colleges and universities as the equivalent of the first two years of a four-year baccalaureate program. Included in college parallel are some programs that also provide preparation for entry level employment through career option programs.

Many unique educational programs and opportunities are also offered by the community colleges. These include:

- programs available in two-year institutions in adjacent states through tuition reciprocity agreements;
- programs for incarcerated individuals in correctional facilities;
- evaluation and assessment centers;
- developmental education programs and services for under-prepared students;
- special programs for the disabled, including sheltered workshops;
- customized training programs for business and industry;
- incubation centers to assist the development of small businesses; and administration of service delivery areas for the federal Job Training Partnership Act (JTPA).

All community colleges comply with approval standards adopted by the Iowa State Board of Education. Additional information on individual community colleges may be obtained by communicating directly with the appropriate office in the college.
