The school district boundaries shown on this map were developed through the use of geographic information systems (GIS) and other methods. Prior to the development of this map, adjustments to the Census Unified School District boundaries were made through a cooperative effort between the Iowa Department of Education and the Missouri Valley Independent School District. The use of geographic coordinates and the use of the U.S. National Grid were used in applying adjustments to the Census Unified School District boundaries. The use of geographic coordinates and the U.S. National Grid was used in applying adjustments to the Census Unified School District boundaries.
