The school district boundaries shown on this map were developed through the Iowa Department of Education School District Review Program (SDRP) effort through the U.S. Census Bureau and the Iowa Department of Natural Resources. Written legal descriptions were provided, where available, and the resulting dataset was converted to a digital format. This map provides a visual representation of the various townships and counties in the area, with specific emphasis on the Paton-Churdan school district. The map includes a legend indicating the different symbols used to represent various elements such as townships, sections, counties, and school districts.
