

The state of Iowa has purchased Iowa TIER, a data system with the capability to house universal screening, intervention, and progress monitoring data for every student in the state. Iowa TIER has been established so that all students will experience a dynamic instructional environment, one that adapts to meet their continually changing needs, in order to optimize learning and student outcomes.

IOWA Department of Education

Name	CBM-R	aReading
Student1, 2nd Grade - 02	Date Tested: 01/23/2014 Testing window: January 15th-January 31st not administered	Date Tested: 01/23/2014 Testing window: January 15th-January 31st not administered
Student10, 2nd Grade - 02	Date Tested: 01/23/2014 Testing window: January 15th-January 31st not administered	Date Tested: 01/23/2014 Testing window: January 15th-January 31st not administered
Student100, 2nd Grade - 02	Date Tested: 10/02/2013 cancelled	Date Tested: 01/23/2014 Testing window: January 15th-January 31st not administered
Student101, 2nd Grade - 02	Date Tested: 01/23/2014 Testing window: January 15th-January 31st not administered	Date Tested: 01/23/2014 Testing window: January 15th-January 31st not administered
Student102, 2nd Grade - 02	Date Tested: 01/23/2014 Testing window: January 15th-January 31st not administered	Date Tested: 01/23/2014 Testing window: January 15th-January 31st not administered
Student103, 2nd Grade - 02	Date Tested: 01/23/2014 Testing window: January 15th-January 31st not administered	Date Tested: 01/23/2014 Testing window: January 15th-January 31st not administered
Student104, 2nd Grade - 02	Date Tested: 01/23/2014 Testing window: January 15th-January 31st not administered	Date Tested: 01/23/2014 Testing window: January 15th-January 31st not administered
Student105, 2nd Grade - 02	Date Tested: 01/23/2014 Testing window: January 15th-January 31st not administered	Date Tested: 01/23/2014 Testing window: January 15th-January 31st not administered

Iowa TIER is a data system that enables teachers to administer assessments and instantly use one-click reports to view, analyze, and share data on student progress in reading.

Iowa TIER currently allows users to:

- Administer on-line reading universal screening and progress monitoring assessments and receive results back instantly
- Use one-click reports to view student data at the classroom, school, district, AEA, and state-levels
- Create customized intervention banks for targeted and intensive interventions
- Schedule students into interventions and monitor their progress
- Review data to evaluate if their universal instruction is sufficient for all students
- Graphically view universal screening and progress monitoring data - including multiple measures on one graph
- Set multiple goals, individualized for each student
- Easily view their daily and weekly schedules related to assessments and interventions
- View documents and other information about Iowa TIER in a customized knowledge base
- Submit support tickets if help is needed within the system
