If the LEA disagrees with the views of the private school officials on the provisions of services through a contract, the LEA must provide the private schools the reasons in writing why the LEA chooses not to use a contractor.

The purpose of the agreement is to provide educational services to help educationally disadvantaged children enrolled in private schools meet high standards. All Title I applications covered by this agreement must be in accordance with provisions of HR 1, pertinent state statutes and opinions of the Attorney General. This agreement may be terminated by mutual consent of both parties at any time during the school year.

The activities covered by this agreement shall be funded through Title I, NCLB funds allocated to the LEA and must be supervised and administrated by the LEA.
