The data files/reports listed above are required to be submitted to the Department of Education. Each section includes the dates that the files/reports are due to the Department of Education. The community college should keep a point-in-time file as of the date submitted. Please ensure that edit checks are performed on all data before submitting it to the Department. Invalid data will require the Department to return the files/reports to be corrected by the college before "clean" data is accepted.

Detailed description of Financial Reporting requirements and formats can be found in the State Accounting Manual.

REVISED MIS Reporting Manual AY'2016
Revisions, additions and corrections

1. Fall Student Information and Credit Course reporting: NO CHANGES.

2. Student Information and Credit Course Reporting.

The following changes derive from the new reporting timeframe introduced as of the end of the academic year 2015-2016, from state fiscal year-based reporting to academic year reporting.

REASON: A number of significant routine, special and ad-hoc reports require data based on a complete academic year (e.g., Certified Annual Report (CAR), Volunteer Framework of Accountability (VFA), etc.).

Reporting a complete academic year based on state fiscal year timeframe leads to undesirable or unaccepted delays in reporting, since a complete academic year data reported within state FY timeframe may become available only as of the end of two years of FY-based data reporting.

- a. Change Section B timeframe references from Fiscal Year (FY) to Academic Year (AY) (e.g., title of the section would read "Academic Year Credit Student Enrollment Reporting", etc.).
- b. Change the statement on page B-3 into: "Academic Year Credit Student Enrollment Files are due on September 17 of the year following the reporting academic year and should include all information available as of the end of reported academic year. Each Iowa community college defines the beginning and the end of an academic year based on the definition in the MIS Data Glossary"
- c. Remove the following statement on Page B-5: "a. Courses, which begin in one Academic Year (prior to July 1) and end in the following Academic Year (after July 1), will be reported in the Academic Year of the course end date."
- d. All data due dates are changed from August 4th to September 17th.

Other changes (related to identified inaccuracies):

- e. Change field C (p. B-10 and B-14) description to read "Nine digits for locally assigned unique student identifier, including leading zeros. The college has a responsibility to ensure that all students carry the same locally assigned identifier throughout their attendance at the college.

REASON: to ensure that local IDs are reported in a nine digit format.

- d. Introduce code "9" for "Unknown" in data elements AM, AN and AO, p. B-13 (Referral/Placement in Developmental Math, English, Reading).

REASON: to distinguish between the students who are known not to have been tested and those with absent information of the fact of testing.

3. Non-Credit Reporting

The following changes derive from the new reporting timeframe introduced as of the end of the academic year 2015-2016, from state fiscal year-based reporting to academic year reporting.

REASON: A number of significant routine, special and ad-hoc reports require data based on a complete academic year (e.g., Certified Annual Report (CAR), Volunteer Framework of Accountability (VFA), etc.).

Reporting a complete academic year based on state fiscal year timeframe leads to undesirable or unaccepted delays in reporting, since a complete academic year data reported within state FY timeframe may become available only as of the end of two years of FY-based data reporting.

- a. Change Section B timeframe references from Fiscal Year (FY) to Academic Year (AY) (e.g., title of the section would read "Academic Year Credit Student Enrollment Reporting", etc.).
- b. Change statement 1 on p. C-6 to read: "Non-Credit student data is collected on an **academic year** basis, as defined in the MIS Data Glossary. For courses which bridge two **academic** years, use the following procedure to determine in which year the data is to be reported: **courses, which begin in one Academic Year (based on the definition in the MIS Data Glossary) and end in the following Academic Year (based on the definition in the MIS Data Glossary), will be reported in the Academic Year of the course end date.**"
- c. Remove statement under A (Adult Literacy), p. C-8: "**The first quarter is September-November, second quarter is December-February, third quarter is March-May, and fourth quarter is June-August.**"
- d. All data due dates are changed from August 4th to September 17th

Other changes (related to identified inaccuracies):

- e. Move Used Motor Vehicle Dealer Education and Permit to Carry Weapon reporting instructions from State Recognized to State Mandated where they belong (p. C-10).
- f. Change field C (p. C-17 and C-19) description to read "**Nine digits for** locally assigned unique student identifier, including leading zeros. The college has a responsibility to ensure that all students carry the same locally assigned identifier throughout their attendance at the college.
REASON: to ensure that local IDs are reported in a nine digit format.
- g. Change definition of data element P (student information file, p. C-18) from "Residence Status at date of registration" to "Latest available Residence Status".
REASON: to avoid the need for reporting multiple statuses if changed in the course of the reporting year.
- h. Correct the scope of reportable programs under Workforce Training and Economic Development Fund (WTEDF) to have the following codes under Special Emphasis coding:
49 = WTEDF 260G (ACE)
50 = WTEDF 260F (Iowa Jobs Training)
51 = WTEDF 260C (Career Academies)
52 = WTEDF 260C.1 (Career & Technical Education - CTE)
53 = WTEDF 260C.1 (General Training, Retraining, & In-Service)
54 = WTEDF 260C.1 (Entrepreneurship/Small Business Assistance)
REASON: To limit the reporting codes to existing categories.

4. Human Resources Reporting.

The following changes derive from the new reporting timeframe introduced as of the end of the academic year 2015-2016, from state fiscal year-based reporting to academic year reporting.

REASON: *A number of significant routine, special and ad-hoc reports require data based on a complete academic year (e.g., Certified Annual Report (CAR), Volunteer Framework of Accountability (VFA), etc.).*

Reporting a complete academic year based on state fiscal year timeframe leads to undesirable or unaccepted delays in reporting, since a complete academic year data reported within state FY timeframe may become available only as of the end of two years of FY-based data reporting.

- a. Change Section E timeframe references from Fiscal Year (FY) to Academic Year (AY) (e.g., title of the section would read "Academic Year Human Resources Reporting", etc.).
- b. Change statement on p. E-1 to read the following: "The Department of Education MIS team has met with community college human resources staff to update and refine human resources data collection. Human Resources reporting should be based on an academic year defined in the MIS Data Glossary."
- c. All data due dates are changed from August 4th to September 17th.

5. Credit Awards Reporting.

The following changes derive from the new reporting timeframe introduced as of the end of the academic year 2015-2016, from state fiscal year-based reporting to academic year reporting.

REASON: *A number of significant routine, special and ad-hoc reports require data based on a complete academic year (e.g., Certified Annual Report (CAR), Volunteer Framework of Accountability (VFA), etc.).*

Reporting a complete academic year based on state fiscal year timeframe leads to undesirable or unaccepted delays in reporting, since a complete academic year data reported within state FY timeframe may become available only as of the end of two years of FY-based data reporting.

- a. Change Section F timeframe references from Fiscal Year (FY) to Academic Year (AY) (e.g., title of the section would read "Academic Year Credit Awards Reporting", etc.).
- b. Change statement on p. F-1 to read the following: "The Credit Student Awards File is due on September 10. Report all graduates who received their awards between the beginning and the end of a reporting academic year, based on the definition in the MIS Data Glossary."
- c. All data due dates are changed from August 4th to September 17th.

5. Non-Credit Awards Reporting.

The following changes derive from the new reporting timeframe introduced as of the end of the academic year 2015-2016, from state fiscal year-based reporting to academic year reporting.

REASON: A number of significant routine, special and ad-hoc reports require data based on a complete academic year (e.g., Certified Annual Report (CAR), Volunteer Framework of Accountability (VFA), etc.).

Reporting a complete academic year based on state fiscal year timeframe leads to undesirable or unaccepted delays in reporting, since a complete academic year data reported within state FY timeframe may become available only as of the end of two years of FY-based data reporting.

- a. Change Section G timeframe references from Fiscal Year (FY) to Academic Year (AY) (e.g., title of the section would read "Academic Year Non-Credit Awards Reporting", etc.).
- b. Change statement on p. G-1 to read the following: "The Non-Credit Student Awards File is due on September 10. Report all graduates who received their awards between the beginning and the end of a reporting academic year, based on the definition in the MIS Data Glossary."
- c. Changed the definition of the Locally recognized Program Completer to read: Locally recognized non-credit program completer is a student who completed any skill-based program that are developed for and fills a workforce need identified through sector boards, IWD agencies, or research of skills gaps in the region, and consists of a minimum of 32 contact hours. Such program completion is designed to enhance employability, or/and increased responsibility within a trade and could lead to a state or 3rd party credential but would exclude recertification. The fact of such a program completion is established based on local college rules, applicable to each particular program. A locally recognized program completer may or may not be a recipient of 3rd party credential, GAP tuition assistance programs, or any other, separately reported non-credit award category.
- d. Modified the definition of the Industry credential recipient to read: Endorsed by a 3rd party certification or state/federal regulatory agency leading to or enhancing employment. Report students who meet one, two or all conditions: 1) a college reported a successfully completed program (no test required but competencies met) to the governing agency, when such a completion is the requirement for the governing agency to award the 3rd party credential or state board (e.g., Coaching Certificate/License); 2) a college administered the required test and then reported findings to the state governing agency that a student had successfully passed and the credential is then awarded to the student by the governing agency or state board (e.g., CNA License); 3) a college obtained information regarding students' 3rd party credentials from the governing agency, state board, or directly from the student. Include only initial certifications and do not include recertifications or relicensures.
- e. All data due dates are changed from August 4th to September 17th.

II. Fall Credit Hour Reporting Requirements/Procedures

Procedures are to be followed when identifying credit hours of enrollment. Guidelines for determining credit hours are found in 281 Iowa Administrative Code 21.2(13).

Credit enrollments consist of instructional offerings, courses, programs, and activities in the Arts and Science and Career and Technical Education areas/Cost Centers. This includes credit offerings in:

1. Liberal/General Studies
2. College Parallel/Career Options
3. Developmental Education
4. Full-Time, Advanced Standing, Shared, Part-Time, and Short-Term Career/Technical Preparatory
5. Apprenticeship
6. Reciprocal Agreement
7. Secondary-Postsecondary Joint Enrollment
8. Corrections
9. Contract/Customized Business/Industry Training
10. Recertification/Relicensure Programs

Department of Education (DE) approval must be received for most of credit offerings. DE approval is not required for concentration areas in Liberal/General Studies, Developmental Education, Postsecondary Enrollment Options, Economic Development, Corrections, Contract/Customized Business/Industry Training, and Recertification/Relicensure. A Credit Program Master, specific to each community college, is maintained by the Department of Education. Contact the Department if there is any change from the Credit Program Master Listing of Classification of Instructional Program (CIP) Number and/or Instructional Code Set.

All students that receive credit for completed offerings must be reported on the Management Information System (MIS). Credit Student Enrollment File formats are available at the end of this section. Files must be as complete as possible for each student and for each course in which the student enrolls. Data files are to be transmitted to the designated web server or via other secure method allowed by the Department of Education and must be ASCII fixed length files.

Fall Term Credit Student Enrollment Files are due on October 1 of the reporting fiscal year.

State Students Identification Numbers for the new students who received them prior to college enrollment are provided to colleges by the Department of Education upon request within two weeks after Fall enrollment data confirmations. Colleges are responsible for the maintenance of the provided ID numbers for the complete period of students' education with a college.

III. General Credit Instructions – Fall

A. Credit Instructional Program /Course Criteria

Credit instructional programs/courses must meet all of the criteria listed below:

1. Each course must be an organized subject matter in which instruction is offered.
2. Each course must have a minimum length of 1 credit hour. A credit hour is established at 16 contact hours, where 1 contact hour = 50 minutes. Only the following multipliers are allowed in calculating the credit hour:
 - A. 50 minutes = 1 contact hour
 - B. 55 minutes = 1.1 contact hours
 - C. 60 minutes = 1.2 contact hours
 - D. Less than 50 minutes, do not report.
3. Minimum Standards
 - A. Classroom work.
 - i) The minimal requirements for one semester hour of credit shall be 800 minutes of scheduled instruction plus (when applicable) a scheduled culminating activity.
 - ii) The minimal requirements for one-quarter hour of credit shall be 533 minutes of scheduled instruction plus (when applicable) a scheduled culminating activity.
 - B. Laboratory work.
 - i) The minimal requirement for one semester hour of credit shall be 1,600 minutes of scheduled laboratory work plus (when applicable) a scheduled culminating activity.
 - ii) The minimal requirement for one-quarter hour of credit shall be 1,066 minutes of scheduled laboratory work plus (when applicable) a scheduled culminating activity.
 - C. Clinical practice.
 - i) The minimal requirements for one semester hour of credit shall be 2,400 minutes of scheduled clinical practice plus (when applicable) a scheduled culminating activity.
 - ii) The minimal requirement for one-quarter hour of credit shall be 1,599 minutes of scheduled clinical practice plus (when applicable) a scheduled culminating activity.
 - D. Work experience.
 - i) The minimal requirement for one semester hour of credit shall be 3,200 minutes of scheduled work experience plus (when applicable) a scheduled culminating activity.
 - ii) The minimal requirement for one-quarter hour of credit shall be 2,132 minutes of scheduled work experience plus (when applicable) a scheduled culminating activity.
4. Each course must have a syllabus, course description, and condensed outline or statement of the main points on file at the community college.
5. Each course must be approved in accordance with the appropriate procedure as defined by local board policy.
6. The community college must have a written agreement with the instructor of record, identifying the conditions of the services to be provided (e.g., contractual or subscribed services agreement). When courses are transmitted to remote sites, the instructor at the origination site is the instructor of record.
7. Students must be registered according to the official registration procedures of the community college.
8. Student enrollment records appropriate for audit must be maintained for each course.
9. The instructional program is the first 2 years of college only (lower division courses) as opposed to upper division (undergraduate level) or graduate (master's and doctorate) level courses. [Authority for this statement is referenced in Iowa Code, Subsection 260C.1(1), "Statement of Policy."]

B. Fall Credit Enrollment/Reporting Policies/Procedures

1. An **official school calendar**, which clearly indicates the periods students are enrolled and days when courses are not in session (holidays and professional meetings).
2. Community colleges shall not count more than 10 official days of **registration and orientation** immediately preceding a term as a part of the total enrollment for purposes of computing contact hours for credit students, provided the institution's registration and orientation program was included as a part of the official school calendar. Registration and orientation days shall be counted only for students who register prior to or during the official late registration period of the community college and no later than 2 weeks (14 calendar days) after the beginning of the courses or programs.
3. Days on which **tests** are administered may be counted for purposes of computing credit hours if they are a part of the scheduled term as indicated by the official school calendar.
4. Reporting enrollments related to **course length** must be determined as follows:
 - a. Courses over 2 weeks in length (14 calendar days). The total registration, less the withdrawals through the first 2 weeks, shall be counted as the enrollment. All credit hours shall be recorded for these students.
 - b. Courses less than 2 weeks in length (14 calendar days). The total registration less the withdrawals through the first 2 course meetings shall be counted as the total enrollment. All credit hours shall be recorded for these students.
 - c. Open Entry/Open Exit, Individualized and Self-Paced Courses. Courses that allow the student to enter at variable times and/or progress at individual rates will compute credit hours based upon the individual student's entry date. Students who withdraw in the first 2 weeks (14 calendar days) from the student's entry date will not be counted. All credit hours for the course will be counted if no withdrawal occurs through the first 14 calendar days. Individualized courses should be counted as exact credit hours.
5. Enrollment must be determined on a point-in-time reporting basis for the following situations:

The withdrawal date for any student is the day on which the student is officially withdrawn from a course or program in a community college in accordance with institutional policy. Courses, which students are withdrawn from through the 14th calendar day from the beginning date of the program or course will not be used for computation of credit hours. Courses which students are not withdrawn from through the 14th calendar day will have all credit hours for the course computed. Institutions must record the exact withdrawal.
6. Community colleges must not report more than 1 credit hour for an individual student for the same period of time. There is no circumstance that can be construed as authorization for reporting 2 or more credit hours for the same period of time.
7. Credit hours counted for: (a) on-the-job training, (b) clinical programs, and (c) work experience programs shall be computed on the basis of the actual number of credit hours a student is enrolled and participates in the program. The maximum number of hours counted for a full-time or part-time program may not exceed 40 hours per week for the combined total hours including classroom work orientation.
8. Credit hours shall not be counted for the time students spend taking tests that are not a part of a course or program. (i.e. High School Equivalency Diploma tests, independent testing for licensure boards, independent screening and testing for business and industry, governmental agencies, other independent standardized testing programs).
9. Each course and program offered by a community college shall clearly identify the total number of credit hours, which are classified as classroom work, laboratory, clinical practice, and work experience. Credit hour identification shall be continually revised to reflect changes.

B. Fall Credit Enrollment/Reporting Policies/Procedures, Continued

10. Policies for such purposes as late registration and official withdrawal shall be followed when computing credit hours.
11. Courses or programs that have minor variations in the number of credit hours of classroom work and laboratory from 1 week to another may have an arbitrary assignment of hours determined for each term to facilitate clerical procedures.
12. Credit hours shall not be counted for staff development/in-service training sessions for employees of community colleges. This includes full-time or part-time employees and volunteers who are serving in the capacity of instructors, tutors, teacher aides, or recruiters for the college.
13. Holidays when students are not scheduled for classes shall not be counted when computing credit hours.
14. Days when professional meetings are held and classes are not scheduled shall not be counted when computing credit hours.
15. The day when commencement occurs may be included when computing credit hours, if this day occurs during the period in which the student was registered for a course or program.
16. Extended field trips offered as eligible credit courses/hours in which students are officially registered shall have hours computed by counting no more than the number of classroom work and laboratory contact hours that are equivalent to the number of credit hours assigned to the experience.
17. Independent Study, "To Be Arranged," courses must record all arrangements between the instructor and students indicating when the course actually met and documentation that all Credit Instructional Program/Course Criteria are satisfied.
18. Courses offered as Distance Education must be taught by instructors who have a written agreement with the community college that is granting the credit and transmitted to students at remote sites via audio and/or video telecommunications technology (i.e., web based-internet, satellite, and/or Iowa Communications Network-ICN).
 - a. Enrollments can be eligible for the general state aid (state general aid funding distribution formula) if they qualify under specific instructions contained in the credit hour enrollment reporting procedures and the Instructional Program/Course Criteria.
 - b. Offerings by a consortium of community colleges shall be reported in a uniform manner. Students must be enrolled by only one community college.
 - c. Report credit hour enrollments of students in programs offered via distance education in conjunction with other institutions of higher education. (Regents Institutions, community colleges, private colleges, universities, and subscribed services).
19. Home Schooled Students must be reported on the MIS Credit Student Information File using the local high school code. Either the Iowa High School Code or the ACT code is accepted.

C. Specific Program/Student Reporting Procedures

1. Developmental Education CIP
Occupational Specific Code Set
Program specific

Enrollments in developmental education must be identified with the code sets for the program of enrollment in the MIS Credit Student Course File. **Colleges will use course numbers under 100 for developmental education.**

2. Apprenticeship CIP
Occupational Specific Code Set
03 02 04 03

Apprenticeship credit programs that are not funded by Iowa Economic Development Authority Programs (260E/260F/260G) must utilize the code set of 03 02 04 03. All apprenticeship programs must be registered with the United States Department of Labor and the Office of Apprenticeship in accordance with the National Apprenticeship Act. Students must be registered apprentices with the Office of Apprenticeship.

3. Advanced Standing Career/Vocational Education Programs CIP
Occupational/Subject Code Set
Type 12

Advanced Standing Programs are those programs that require completion of another program before a student is eligible to enter. These programs are to be identified by an Identification Code Set Type-Program, Course, Service, and/or Activity of 12 rather than by a CIP number.

4. Corrections CIP
Occupational Specific Code Set
03 03 30 03

Credit programs developed to enhance life skills, and academic and/or employability success for individuals who are residents of a county, state, private, confinement, rehabilitation, and/or correctional facility should be included in the credit hour reporting. All credit hours generated by corrections individuals are to be reported in these codes sets.

5. Contract/Customized Business/Industry Training CIP
Occupational Specific Code Set
03 03 47 03

Credit programs, other than 260E/260F/260G economic development training, provided by the college for business/industry are eligible for the state general aid (state general aid funding distribution formula) and should be included in Credit Student Enrollment Files.

NOTE: Credit student enrollments must be included under the "Registration Type 1= contract training/services."

6. Postsecondary Enrollment Options (PSEO) and Contractual Agreements

Students enrolled and receiving secondary credit in a secondary educational institution as well as enrolled for college credit are included in the Credit Student Course File. Enrollments are eligible for state general aid and must meet the Instructional Program/Course Criteria. Enrollments must be reported along with the postsecondary enrollments in the same courses.

7. Recertification/Relicensure Programs CIP
Occupational/Subject Code Set
03 46 11 03

- A. Designed for individuals employed in occupations that require less than a four-year degree and who are required to be recertified or relicensed (e.g., chemical application, insurance), or employed in occupations that require a four-year college degree or above and are required to be recertified or relicensed, which does not lead to an additional degree (e.g. education, health care providers, lawyers, etc.).

Note: Utilize this category for reporting nursing and health care providers regardless of their level of education.

C. Specific Program/Student Reporting Procedures, Continued

B. Renewal – Education Certificates

Community colleges may offer renewal college credit courses for those educators desiring to renew an educational, professional teacher, professional administrator, and area education agency administrator license. (282 Iowa Administrative Code 17.5,6, and 7).

Community colleges may offer renewal college credit courses for educational, professional teachers, and professional administrators, which does not lead to a degree but which:

- a. Adds greater depth/breadth to present endorsements held, or
- b. Leads to completion of requirements for an endorsement not currently held.

Credit hours generated from course offerings in renewal licensure are eligible for inclusion in the general state aid provided the Credit Instructional Program/Course Criteria are met and the following criteria:

- a. Course offerings were developed by the community college as opposed to being developed by a four-year institution or area education agency.
- b. Course offerings that do not lead to graduate credit (master's and doctorate level courses).

[Authority for this statement is referenced in Iowa Code, Subsection 260C.1(1), "Statement of Policy."]

8. Technical Skill Attainment

<u>CIP</u>	<u>Code Set</u>
Occupational/Subject	Program Specific

Perkins grant accountability requires performance measuring for CTE students. Technical Skill Attainment is one of the Perkins performance indicators. The performance measurement is conducted by each community college. The resulting data is reported in the Student Information file to indicate whether or not a student was assessed under the reported major, and whether the assessed student was found proficient under that major. The Technical Skill Attainment measure is defined precisely in the Data Glossary. Details about the Technical Skill Attainment definition can be found in the Iowa Five-Year State Plan for the Carl D. Perkins federal grant and can be accessed using the following link: <https://www.educateiowa.gov/perkins-0>

Use for currently enrolled students or graduates of an Iowa High School: see IDE reference tables at https://www.educateiowa.gov/education-statistics#Non_Student_District_Data For Community College Adult High School Diploma Code Sets refer to Appendix E. Use leading zeros, e.g., District 27 and School Building 172 = 00270172. For unknown Iowa High School Code use "99999999" Home schooled students - use local high school code. Use in addition to or in lieu of ACT/CEEB High School codes.
AF	ACT/CEEB High School Identification codes	228-235	8	ACT/CEEB codes use leading zeroes to fill 8 positions. Example: Adel, ACT = 160010, submit=00160010. Home schooled students - use local high school code. For unknown ACT/CEEB codes use "99999999". Use in addition to or in lieu of Iowa DE High School codes.
Program Identifier-Student Major/Program of Study at Reporting Time		Report each component as a separate field. Note: For post-secondary students , report the declared major/program of study for credit students as of the date of reporting. If a student has not declared a major/program of study, he/she will be assigned to a vocational major based on the program in which the student has enrolled. If the student is not enrolled into any program, he/she will be assigned the program based on most vocational courses. If he/she has not enrolled and/or completed mostly vocational courses, the student will be assigned to an undeclared major. Secondary students will be assigned the program based on a college official policy for secondary student enrollment.		
AG	Student CIP Major or program CIP Number	236-245	10	First 10 digits including leading zeros – Last known Student Major/program of study.
AH	Student Second CIP Major or second program CIP Number	246-255	10	First 10 digits including leading zeros – Last known Student Major/program of study, if registered for dual majors/programs of study. Enter "9999999999" if there is no second major/program of study.
AI	State Student Identification Number	256-265	10	Unique Student Identifier assigned to all secondary students and passed to the MIS from a data match of K-12 data systems. Use 9999999999 if unknown.
AJ	Student's Permanent Address Zip Code	266-270	5	Use five characters for the student's permanent U.S. address zip code. Use 99999 if unknown or outside of the U.S.
AK	Pell Grant Status ¹	271	1	1 = Yes 0 = No Indicates whether the student was awarded Pell Grant, regardless of actual disbursement of the Grant.

V	Percent of the course taught	102-104	3	Percent of the course taught by instructor in field U including leading zeros. Example: 009 or 060, or 100.
W	Second Instructor's SSN	105-113	9	Instructor's Social Security Number including leading zeros. Enter 999999999 if unknown. If there is no second instructor, enter 000000000.
X	Percent of the course taught*	114-116	3	Percent of the course taught by instructor in field W including leading zeros. Example: 009 or 060, or 100.
Y	Earned Credit Hours	117-121	5	Report earned credit hours if the course is finished before reporting time. Use 00.00 if the credit was not earned or the course was not finished at the time of the reporting.
Z	Successful course completion	122	1	Indicate whether the student successfully completed the course. Successful completion of a course is defined as earning a grade of at least a "C" or "Passing", if the course is graded as "pass/fail". Any "C" grade ("C+", "C", "C-" is considered a "C" grade. If the course was not successfully completed at the end of the course, or data reporting time precedes course end date, report the course as not completed. 0 = course not completed 1 = course completed
AA	Course Section Number	123-141	19	Combination of characters assigned by a college to a course section up to 19 characters. Must NOT include Iowa Common Course Number.
AB	Course Discipline	142	1	E = English, M = Mathematics, R = Reading, Z = any other discipline or department. Colleges who do not have separate English and reading courses should report the combined subject under English.
AC	Course level	143	1	0 = college level; 1 = 1 level below college level; 2 = 2 levels below college level; 3 = 3 levels below college level. If "below college level" courses are not stratified further, use code 1 for all below college level courses
AD	Term or Quarter	144	1	1 = Fall; 2 = Winter; 3 = Spring; 4 = Summer.

*If more than two instructors teach the course, enter the first two with the largest percent of the course taught. In this case, the total percent of the course taught might be less than 100%.

Academic Year Credit Hour Reporting Requirements/Procedures

Procedures are to be followed when identifying credit hours of enrollment. Guidelines for determining credit hours are found in 281 Iowa Administrative Code 21.2(13).

Credit enrollments consist of instructional offerings, courses, programs, and activities in the Arts and Science and Career and Technical Education areas/Cost Centers. This includes credit offerings in:

1. Liberal/General Studies
2. College Parallel/Career Options
3. Developmental Education
4. Full-Time, Advanced Standing, Shared, Part-Time, and Short-Term Career/Technical Preparatory
5. Apprenticeship
6. Reciprocal Agreement
7. Secondary-Postsecondary Enrollment Options (PSEO)
8. Corrections
9. Contract/Customized Business/Industry Training
10. Recertification/Relicensure

Department of Education (DE) approval must be received for most of credit offerings. DE approval is not required for concentration areas in Liberal/General Studies, Developmental Education, Postsecondary Enrollment Options, Economic Development, Corrections, Contract/Customized Business/Industry Training, and Recertification/Relicensure. A Credit Program Master, specific to each community college, is maintained by the Department of Education. Contact the Department if there is any change from the Credit Program Master Listing of Classification of Instructional Program (CIP) Number and/or Instructional Code Set.

All students that receive credit for completed offerings must be reported on the Management Information System (MIS). Credit Student Enrollment File formats are available at the end of this section. Files must be as complete as possible for each student and for each course in which the student enrolls. Data files are to be transmitted to the designated web server at the Department of Education and must be ASCII fixed length files.

Academic Year Credit Student Enrollment Files are due on September 17 of the year following the reporting academic year and should include all information available as of the end of reported academic year. Each Iowa community college defines the beginning and the end of an academic year based on the definition in the MIS Data Glossary.

State Students Identification Numbers for the new students who received them prior to college enrollment are provided to colleges by the Department of Education within two weeks after Academic Year data confirmations. Colleges are responsible for the maintenance of the provided ID numbers for the complete period of students' education with a college.

II. General Credit Instructions

A. Credit Instructional Program /Course Criteria

Credit instructional programs/courses must meet all of the criteria listed below:

1. Each course must be an organized subject matter in which instruction is offered.
2. Each course must have a minimum length of 1 credit hour. A credit hour is established at 16 contact hours, where 1 contact hour = 50 minutes. Only the following multipliers are allowed in calculating the credit hour:
 - A. 50 minutes = 1 contact hour
 - B. 55 minutes = 1.1 contact hours
 - C. 60 minutes = 1.2 contact hours
 - D. Less than 50 minutes, do not report.
3. Minimum Standards
 - A. Classroom work.
 - i) The minimal requirements for one semester hour of credit shall be 800 minutes of scheduled instruction plus (when applicable) a scheduled culminating activity.
 - ii) The minimal requirements for one-quarter hour of credit shall be 533 minutes of scheduled instruction plus (when applicable) a scheduled culminating activity.
 - B. Laboratory work.
 - i) The minimal requirement for one semester hour of credit shall be 1,600 minutes of scheduled laboratory work plus (when applicable) a scheduled culminating activity.
 - ii) The minimal requirement for one-quarter hour of credit shall be 1,066 minutes of scheduled laboratory work plus (when applicable) a scheduled culminating activity.
 - C. Clinical practice.
 - i) The minimal requirements for one semester hour of credit shall be 2,400 minutes of scheduled clinical practice plus (when applicable) a scheduled culminating activity.
 - ii) The minimal requirement for one-quarter hour of credit shall be 1,599 minutes of scheduled clinical practice plus (when applicable) a scheduled culminating activity.
 - D. Work experience.
 - i) The minimal requirement for one semester hour of credit shall be 3,200 minutes of scheduled work experience plus (when applicable) a scheduled culminating activity.
 - ii) The minimal requirement for one-quarter hour of credit shall be 2,132 minutes of scheduled work experience plus (when applicable) a scheduled culminating activity.
4. Each course must have a syllabus, course description, and condensed outline or statement of the main points on file at the community college.
5. Each course must be approved in accordance with the appropriate procedure as defined by local board policy.
6. The community college must have a written agreement with the instructor of record, identifying the conditions of the services to be provided (e.g., contractual or subscribed services agreement). When courses are transmitted to remote sites, the instructor at the origination site is the instructor of record.
7. Students must be registered according to the official registration procedures of the community college.
8. Student enrollment records appropriate for audit must be maintained for each course.

The instructional program is the first 2 years of college only (lower division courses) as opposed to upper division (undergraduate level) or graduate (master's and doctorate) level courses. [Authority for this statement is referenced in Iowa Code, Subsection 260C.1(1), "Statement of Policy."]

B. Academic Year Credit Enrollment/Reporting Policies/Procedures

1. An **official school calendar**, which clearly indicates the periods students are enrolled and days when courses are not in session (holidays and professional meetings).
2. Community colleges shall not count more than 10 official days of **registration and orientation** immediately preceding a term as a part of the total enrollment for purposes of computing contact hours for credit students, provided the institution's registration and orientation program was included as a part of the official school calendar. Registration and orientation days shall be counted only for students who register prior to or during the official late registration period of the community college and no later than 2 weeks (14 calendar days) after the beginning of the courses or programs.
3. Days on which **tests** are administered may be counted for purposes of computing credit hours if they are a part of the scheduled term as indicated by the official school calendar.
4. Reporting enrollments related to **course length** must be determined as follows:
 - a. Courses over 2 weeks in length (14 calendar days). The total registration, less the withdrawals through the first 2 weeks, shall be counted as the enrollment. All credit hours shall be recorded for these students.
 - b. Courses less than 2 weeks in length (14 calendar days). The total registration less the withdrawals through the first 2 course meetings shall be counted as the total enrollment. All credit hours shall be recorded for these students.
 - c. Open Entry/Open Exit, Individualized and Self-Paced Courses. Courses that allow the student to enter at variable times and/or progress at individual rates will compute credit hours based upon the individual student's entry date. Students who withdraw in the first 2 weeks (14 calendar days) from the student's entry date will not be counted. All credit hours for the course will be counted if no withdrawal occurs through the first 14 calendar days. Individualized courses should be counted as exact credit hours.
5. Enrollment must be determined on a point-in-time reporting basis for the following situation:

The withdrawal date for any student is the day on which the student is officially withdrawn from a course or program in a community college in accordance with institutional policy. Courses, which students are withdrawn from through the 14th calendar day from the beginning date of the program or course will not be used for computation of credit hours. Courses which students are not withdrawn from through the 14th calendar day will have all credit hours for the course computed. Institutions must record the exact withdrawal.
6. Community colleges must not report more than 1 credit hour for an individual student for the same period of time. There is no circumstance that can be construed as authorization for reporting 2 or more credit hours for the same period of time.
7. Credit hours counted for: (a) on-the-job training, (b) clinical programs, and (c) work experience programs shall be computed on the basis of the actual number of credit hours a student is enrolled and participates in the program. The maximum number of hours counted for a full-time or part-time program may not exceed 40 hours per week for the combined total hours including classroom work orientation.
8. Credit hours shall not be counted for the time students spend taking tests that are not a part of a course or program. (i.e. High School Equivalency Diploma tests, independent testing for licensure boards, independent screening and testing for business and industry, governmental agencies, other independent standardized testing programs).

B. Academic Year Credit Enrollment/Reporting Policies/Procedures, Continued

9. Each course and program offered by a community college shall clearly identify the total number of credit hours, which are classified as classroom work, laboratory, clinical practice, and work experience. Credit hour identification shall be continually revised to reflect changes.
10. Policies for such purposes as late registration and official withdrawal shall be followed when computing credit hours.
11. Courses or programs that have minor variations in the number of credit hours of classroom work and laboratory from 1 week to another may have an arbitrary assignment of hours determined for each term to facilitate clerical procedures.
12. Credit hours shall not be counted for staff development/in-service training sessions for employees of community colleges. This includes full-time or part-time employees and volunteers who are serving in the capacity of instructors, tutors, teacher aides, or recruiters for the college.
13. Holidays when students are not scheduled for classes shall not be counted when computing credit hours.
14. Days when professional meetings are held and classes are not scheduled shall not be counted when computing credit hours.
15. The day when commencement occurs may be included when computing credit hours, if this day occurs during the period in which the student was registered for a course or program.
16. Extended field trips offered as eligible credit courses/hours in which students are officially registered shall have hours computed by counting no more than the number of classroom work and laboratory contact hours that are equivalent to the number of credit hours assigned to the experience.
17. Independent Study, "To Be Arranged," courses must record all arrangements between the instructor and students indicating when the course actually met and documentation that all Credit Instructional Program/Course Criteria are satisfied.
18. Courses offered as Distance Education must be taught by instructors who have a written agreement with the community college that is granting the credit and transmitted to students at remote sites via audio and/or video telecommunications technology (i.e., web based-internet, satellite, and/or Iowa Communications Network-ICN).
 - a. Enrollments can be eligible for the general state aid (state general aid funding distribution formula) if they qualify under specific instructions contained in the credit hour enrollment reporting procedures and the Instructional Program/Course Criteria.
 - b. Offerings by a consortium of community colleges shall be reported in a uniform manner. Students must be enrolled by only one community college.
 - c. Report credit hour enrollments of students in programs offered via distance education in conjunction with other institutions of higher education. (Regents Institutions, community colleges, private colleges, universities, and subscribed services).
19. Home Schooled Students must be reported on the MIS Credit Student Information File using the local high school code. Either the Iowa High School Code or the ACT code is accepted.

C. Specific Program/Student Reporting Procedures

1. Developmental Education	<u>CIP</u> Occupational Specific	<u>Code Set</u> Program specific
Enrollments in developmental education must be identified with the code sets for the program of enrollment in the MIS Credit Student Course File. Colleges must provide the course name and course number of all developmental education courses to the Department of Education. Colleges will use course numbers under 100 for developmental education.		
2. Apprenticeship	<u>CIP</u> Occupational Specific	<u>Code Set</u> 03 02 04 03
Apprenticeship credit programs that are <u>not</u> funded by Iowa Economic Development Authority Programs (260E/260F/260G) must utilize the code set of 03 02 04 03. All apprenticeship programs must be <u>registered</u> with the United States Department of Labor and the Office of Apprenticeship in accordance with the National Apprenticeship Act. Students must be registered apprentices with the Office of Apprenticeship.		
3. Advanced Standing Career/Vocational Education Programs	<u>CIP</u> Occupational/Subject	<u>Code Set</u> Type 12
Advanced Standing Programs are those programs that require completion of another program before a student is eligible to enter. These programs are to be identified by an Identification Code Set Type-Program, Course, Service, and/or Activity of 12 rather than by a CIP number.		
4. Corrections	<u>CIP</u> Occupational Specific	<u>Code Set</u> 03 03 30 03
Credit programs developed to enhance life skills, and academic and/or employability success for individuals who are residents of a county, state, private, confinement, rehabilitation, and/or correctional facility should be included in the credit hour reporting. All credit hours generated by corrections individuals are to be reported in these codes sets.		
5. Contract/Customized Business/Industry Training	<u>CIP</u> Occupational Specific	<u>Code Set</u> 03 03 47 03
Credit programs, other than 260E/260F/260G economic development training, provided by the college for business/industry are eligible for the state general aid (state general aid funding distribution formula) and should be included in Credit Student Enrollment Files. NOTE: Credit student enrollments must be included under the "Registration Type 1= contract training/services."		
6. Postsecondary Enrollment Options (PSEO) and Contractual Agreements		
Students enrolled and receiving secondary credit in a secondary educational institution as well as enrolled for college credit are included in the Credit Student Course File. Enrollments are eligible for state general aid and must meet the Instructional Program/Course Criteria. <u>Enrollments must be reported along with the postsecondary enrollments in the same courses.</u>		
7. Recertification/Relicensure Programs	<u>CIP</u> Occupational/Subject	<u>Code Set</u> 03 46 11 03
A. Designed for individuals employed in occupations that require less than a four-year degree and who are required to be recertified or relicensed (e.g., chemical application, insurance), or employed in occupations that require a four-year college degree or above and are required to be recertified or relicensed, which does not lead to an additional degree (e.g. education, health care providers, lawyers, etc.).		
Note: Utilize this category for reporting nursing and health care providers regardless of their level of education.		

C. Specific Program/Student Reporting Procedures, Continued

B. Renewal – Education Certificates

Community colleges may offer renewal college credit courses for those educators desiring to renew an educational, professional teacher, professional administrator, and area education agency administrator license. (282 Iowa Administrative Code 17.5,6, and 7).

Community colleges may offer renewal college credit courses for educational, professional teachers, and professional administrators, which does not lead to a degree but which:

- a. Adds greater depth/breadth to present endorsements held, or
- b. Leads to completion of requirements for an endorsement not currently held.

Credit hours generated from course offerings in renewal licensure are eligible for inclusion in the general state aid provided the Credit Instructional Program/Course Criteria are met and the following criteria:

- a. Course offerings were developed by the community college as opposed to being developed by a four-year institution or area education agency.
- b. Course offerings that do not lead to graduate credit (masters and doctorate level courses).

[Authority for this statement is referenced in Iowa Code, Subsection 260C.1(1), "Statement of Policy."]

8. Technical Skill Attainment

<u>CIP</u>	<u>Code Set</u>
Occupational/Subject	Program Specific

Perkins grant accountability requires performance measuring for CTE students. Technical Skill Attainment is one of the Perkins performance indicators. The performance measurement is conducted by each community college. The resulting data is reported in the Student Information file to indicate whether or not a student was assessed under the reported major, and whether the assessed student was found proficient under that major. The Technical Skill Attainment measure is defined precisely in the Data Glossary. Details about the Technical Skill Attainment definition can be found in the Iowa Five-Year State Plan for the Carl D. Perkins federal grant and can be accessed using the following link: <https://www.educateiowa.gov/perkins-0>

C. Academic Year Credit Student Information File

Field	Data Element	Pos.	Len.	Field Description
AE	Iowa DE High School Identification Code Set and Community College Adult High School Diploma Identification	220-227	8	Iowa High School Code Sets consist of the combination of the District Code and School Building Code. Use for currently enrolled students or graduates of an Iowa High School: see IDE reference tables at https://www.educateiowa.gov/education-statistics#Non_Student_District_Data . For Community College Adult High School Diploma Code Sets refer to Appendix E. Use leading zeros, e.g., District 27 and School Building 172 = 00270172. For unknown Iowa High School Code use "99999999". Home schooled students - use local high school code. Use in addition to or in lieu of ACT/CEEB High School codes.
AF	ACT/CEEB High School Identification codes	228-235	8	ACT/CEEB codes use leading zeroes to fill 8 positions. Example: Adel, ACT = 160010, submit=00160010. Home schooled students - use local high school code. For unknown ACT/CEEB codes use "99999999". Use in addition to or in lieu of Iowa DE High School codes.
Program Identifier-Student Major/Program of Study at Reporting Time		Report each component as a separate field. Note: For post-secondary students , report the declared major/program of study for credit students as of the date of reporting. If a student has not declared a major/program of study, he/she will be assigned to a vocational major based on the program in which the student has enrolled. If the student is not enrolled into any program, he/she will be assigned the program based on most vocational courses. If he/she has not enrolled and/or completed mostly vocational courses, the student will be assigned to an undeclared major. Secondary students will be assigned the program based on a college official policy for secondary student enrollment.		
AG	Student CIP Major or program CIP Number	236-245	10	First 10 digits including leading zeros – Last known Student Major/program of study.
AH	Student Second CIP Major or second program CIP Number	246-255	10	First 10 digits including leading zeros – Last known Student Major/program of study, if registered for dual majors/programs of study. Enter "9999999999" if there is no second major/program of study.
AI	State Student Identification Number	256-265	10	Unique Student Identifier assigned to all secondary students and passed to the MIS from a data match of K-12 data systems. Use 9999999999 if unknown.
AJ	Student's Permanent Address Zip Code	266-270	5	Use five characters for the student's permanent U.S. address zip code. Use 99999 if unknown or outside of the U.S.
AK	Pell Grant Status ¹	271	1	1 = Yes 0 = No Indicates whether the student was awarded Pell Grant, regardless of actual disbursement of the Grant.
AL	Student program of study declared as of the end of the Fall Term	272-281	10	Report the CIP number of declared program of study at the end of the Fall Term of the reporting AY; if no program of study has been declared, or may not be declared, report the student under CIP number 2401010000. Use code "9999999999" for students who were not enrolled during Fall Term.
AM	Referral to/Placement in Developmental Math	282	1	0 = the student was not tested for developmental Math need or the student was tested but not referred to nor placed in developmental Math; 1 = the student was referred to or placed in developmental Math with course sequence one level below a college level course; 2 = the student was referred to or placed in developmental Math with course sequence two levels below a college level course; 3 = the student was referred to or placed in developmental Math with course sequence three levels below a college level course. If no developmental levels are assigned, use code 1 for all developmental referrals/placements. 9 =Unknown

D. Academic Year Credit Student Course File

Field	Data Element	Pos.	Len.	Field Description
L	Common Course Number	42-47	6	Iowa Common Course Number: alphanumeric course identifier with three alpha characters for course prefix and three numeric characters for course number.
M	Course Start Date	48-55	8	CCYYMMDD- (Example: August 1, 2006 would be 20060801)
N	Course End Date	56-63	8	CCYYMMDD- (Example: December 1, 2006 would be 20061201)
O	Date Student Entered Course	64-71	8	CCYYMMDD- (Example: August 1, 2006 would be 20060801)
P	Date Student Exited Course	72-79	8	CCYYMMDD- (Example: December 1, 2006 would be 20061201). If the student exits the course early, the year, month, and day the student exited the course, otherwise list the year, month, and day the course ended.
Q	Course Credit Hours	80-84	5	Use up to two decimal places as appropriate (Examples: 01.25 or 10.50 or 01.00)
R	Distance Learning	85	1	1 = the content of this course delivered entirely online (web-based, internet). 2 = the content of this course delivered through distance learning method over 50% of the course time but not entirely online ; e.g., 40% online, 20% DVD, 30% in class = 60% (40+20) distance learning. 0 = not a distance learning course
S	Developmental course	86	1	A course designed to provide assistance (remedial instruction) to individuals so they can successfully complete the regular courses in their program of study. They are not designed to be college transferable and do not count toward graduation requirements. 1 = Yes, 0 = No
T	Course Contact Hours	87-92	6	Use up to two decimal places as appropriate (Examples: 001.25 or 010.50 or 001.00)
U	First Instructor's SSN	93-101	9	Instructor's Social Security Number including leading zeros. Enter 999999999 if unknown. Example of "unknown": online courses taught by other colleges
V	Percent of the course taught	102-104	3	Percent of the course taught by instructor in field U including leading zeros. Example: 009 or 060, or 100.
W	Second Instructor's SSN	105-113	9	Instructor's Social Security Number including leading zeros. Enter 999999999 if unknown. If there is no second instructor, enter 000000000.
X	Percent of the course taught ¹	114-116	3	Percent of the course taught by instructor in field W including leading zeros. Example: 009 or 060, or 100.
Y	Earned Credit Hours	117-121	5	Report earned credit hours if the course is finished before reporting time. Use 00.00 if the credit was not earned or the course was not finished at the time of the reporting.
Z	Successful course completion	122	1	Indicate whether the student successfully completed the course. Successful completion of a course is defined as earning a grade of at least a "C" or "Passing", if the course is graded as "pass/fail". Any "C" grade ("C+", "C", "C-" is considered a "C" grade. If the course was not successfully completed at the end of the course, or data reporting time precedes course end date, report the course as not completed. 0 = course not completed 1 = course completed
AA	Course Section Number	123-141	19	Combination of characters assigned by a college to a course section up to 19 characters. Must NOT include Iowa Common Course Number.
AB	Course Discipline	142	1	E = English, M = Mathematics, R = Reading, Z = any other discipline or department. Colleges who do not have separate English and reading courses should report the combined subject under English.
AC	Course level	143	1	0 = college level; 1 = 1 level below college level; 2 = 2 levels below college level; 3 = 3 levels below college level. If "below college level" courses are not stratified further, use code 1 for all below college level courses
AD	Term or Quarter	144	1	1 = Fall; 2 = Winter; 3 = Spring; 4 = Summer.

¹If more than two instructors teach the course, enter the first two with the largest percent of the course taught. In this case, the total percent of the course taught might be less than 100%.

Contact Hour Reporting Requirements/Procedures

The Adult Education Deans and Directors, along with the Department of Education, reviewed changes to the Non-Credit reporting requirements reflected in this manual.

The Classification of Instructional Program (CIP) Manual is a document published by the United States Department of Education and mandated for use by the Iowa Department of Education. Its purpose is to provide a vehicle for accurate and consistent reporting of activities in community colleges. Inclusion in the federal CIP manual does not imply that a course is eligible for state general aid. This document is based on the Classification of Instructional Programs: 2010 Edition CIP Manual (<http://nces.ed.gov/ipeds/cipcode>). See the Non-Credit Course Master.

The Iowa Department of Education assigns all CIP numbers based on federal and Iowa reporting requirements. Instructional Code Sets are also state assigned and utilized to classify courses by the following categories: a) Level of Instruction; b) Type of Activity; c) Special Emphasis; and d) Object and Purpose.

NOTE: Contact the Department of Education before using any CIP number that is not listed on the Non-Credit Course Master and/or to determine eligible code sets not previously reported by your college.

All contact hour (non-credit) Adult/Continuing Education student enrollments must be reported via the Management Information System (MIS). Non-Credit Student Enrollment File layouts are available at the end of this section.

¹Use any appropriate Leisure and Recreational Activity CIP number (CIP cluster 36).

II. General Non-Credit Instructions

A. Non-Credit Instructional Course Criteria

Non-Credit instructional courses must meet all of the criteria listed below:

1. Each course must be organized by subject matter in which instruction is offered.
2. Each course must have a minimum length of one (1) contact hour to be eligible for state general aid. One contact hour is equal to 50 minutes of instruction. Following are illustrations of how minutes of instruction are converted to contact hours for reporting purposes:
 - a. 50 minutes = 1 contact hour
 - b. 55 minutes = 1.1 contact hours
 - c. 60 minutes = 1.2 contact hours
 - d. Less than 50 minutes = not eligible.
3. Each course must have a syllabus, course outline, course objectives or detailed course description on file at the community college.
4. The community college must have a written agreement with the instructor of record, for eligible courses only, identifying the conditions of the services to be provided (e.g., contractual or subscribed services agreement). When courses are transmitted to remote sites, the instructor at the origination site is the instructor of record.
5. Each course must be approved in accordance with the appropriate procedure as defined by local board policy.
6. Students must be registered according to the official registration procedures of the community college.
7. Student enrollment records appropriate for audit must be maintained for each course.
8. Courses intended for students under 16 years of age will not be eligible for state general aid, unless state mandated/state recognized/state approved or court ordered.
9. COMPREHENSIVE COURSE AND PROGRAM CATALOGS CAN BE REFERENCED AT THE DEPARTMENT OF EDUCATIONWEB SITE UNDER CURRENT REPORTING ACADEMIC YEAR:

<https://www.educateiowa.gov/adult-career-community-college/community-colleges/community-college-data-reporting>

NOTE: CONTACT THE DEPARTMENT OF EDUCATION BEFORE USING CIP NUMBER(S) OR IDENTIFICATION CODE SETS THAT ARE NOT LISTED ON THE NON-CREDIT COURSE MASTER

B. Non-Credit Reporting Procedures

1. Non-Credit student data is collected on an academic year basis, as defined in the MIS Data Glossary. For courses which bridge two academic years, use the following procedure to determine in which year the data is to be reported: courses, which begin in one Academic Year (based on MIS Data Glossary definition) and end in the following Academic Year (based on MIS Data Glossary definition), will be reported in the Academic Year of the course end date.
2. Community colleges must not report more than one (1) contact hour for an individual student for the same period of time.
3. Determination of eligible/non-eligible status for all courses and student enrollments is to be based on the intent and content of the course (see flowchart-decision tree).
4. Contact hours counted for clinical programs and work experience programs, under the direction and supervision of an instructor, must be computed on the basis of the actual number of contact hours a student is enrolled and participates in the program. The maximum number of contact hours counted may not exceed 40 contact hours per week.
5. The following course/activity/program categories are not eligible for state general aid.
 - a. Secondary High School Diplomas Courses and Secondary Alternative High School
 - b. Drivers Education (agreements with the secondary district to report enrollments)
 - c. Corrections
 - d. Adult Learning (gaining knowledge/skills to enhance function in society)
 - e. Leisure/Recreational (wellness, self enjoyment, hobby, etc.)
 - f. Nursing Home residents
 - g. Non-Occupational Food and Nutrition Classes (homemaker)
 - h. On-The-Job Training Hours (non-supervised work experience)
 - i. 260E Activities
6. Independent study, "To Be Arranged," courses must record all arrangements between the instructor and students indicating when the course actually met and documentation that all Non-Credit Instructional Course Criteria are satisfied.
7. Open entry/open exit, individualized, and self-paced courses will report the total number of contact hours that students would have received had the course been offered in a traditional manner. Examples include: self-paced programs operated by auto tutorial, online course delivery, and other non-traditional methods.
8. Total registrations less formal withdrawals through the first two (2) meetings are reported as total enrollment in courses with multiple sessions.
9. Contact hours reported under Adult Basic Education (ABE), English Literacy (ELL/ESL), English Literacy (ELL/ESL)-Citizenship, and Community Rehabilitation Programs are considered eligible for a maximum of 240 contact hours per student per year.
10. All contact hour (non-credit) student enrollments must be reported via the Management Information System (MIS).
11. High School Diploma course enrollment will be reported at 60 contact hours, which is recorded at the time of enrolling, with a maximum of 5 courses per semester-300 hours.
12. Alternative High School hours will be reported up to a maximum of 60 contact hours per course with a maximum of 5 courses per semester-300 hours.

C. Determining Eligible vs. Non-Eligible

All non-credit student enrollments are required to be included in the year-end report, unless otherwise noted by the Department of Education. However, not all courses are eligible for state general aid.

This flowchart-decision tree is to be used to determine eligibility for courses that are not currently identified in this section of the manual. Consult the General Instructions section of this manual and then apply the flowchart-decision tree to the left, considering the intent and content of the course.

If a college requires a CIP number to identify a program/course/activity not listed on the Non-Credit Course Master, consult the Adult Deans & Directors and contact the Department of Education to obtain a CIP Number and Identification Code Set.

If the course curriculum is consistent with learning associated with professional, academic, or employment pursuits, use an eligible code set.

Intent and Content of Courses

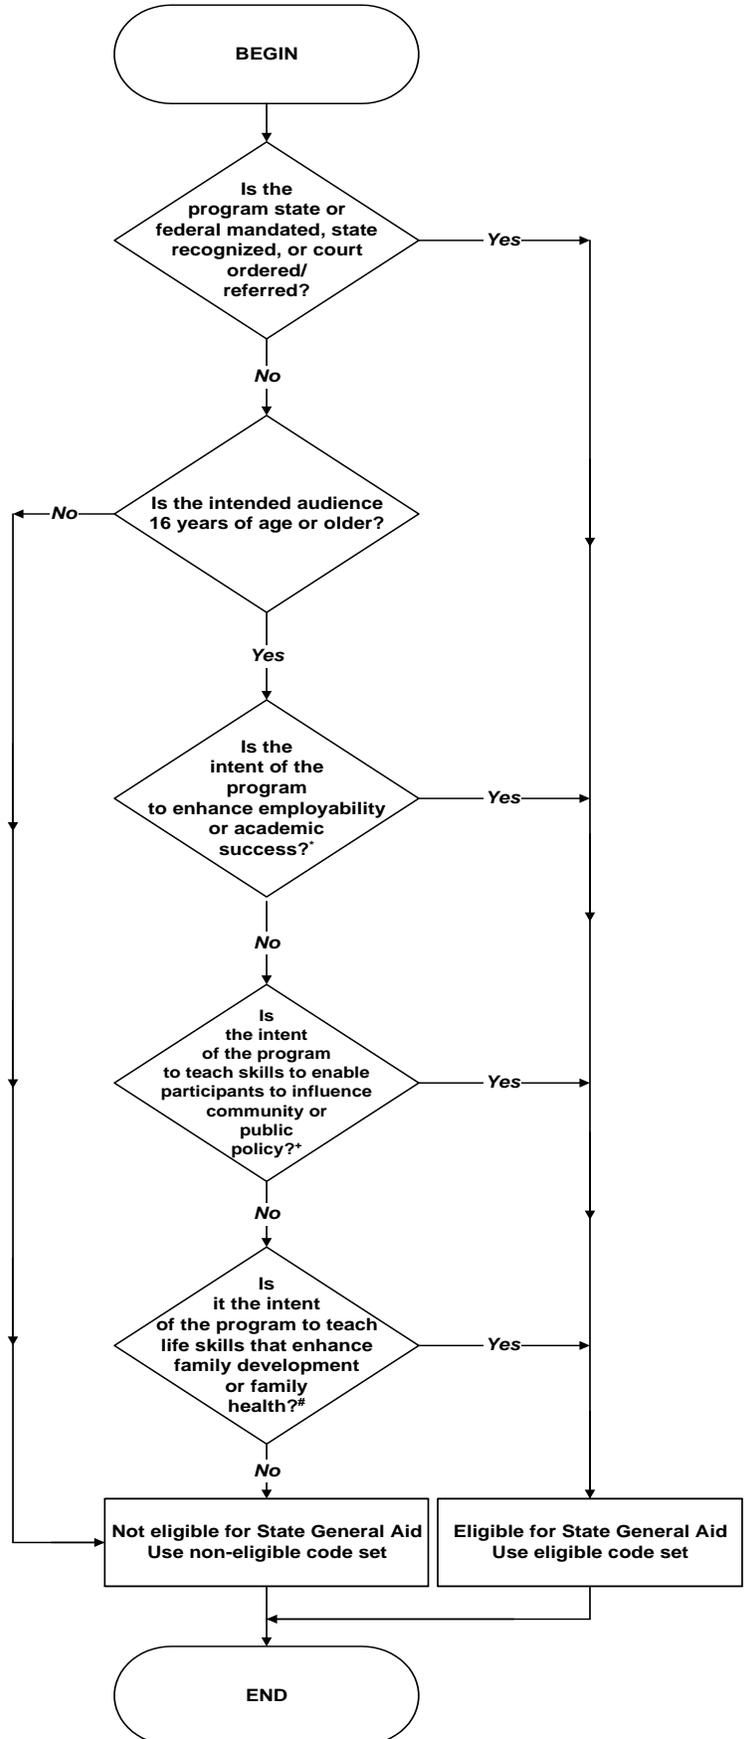

Enhance Employability (*) courses are designed for the specific purpose of upgrading the skills of persons employed and retraining persons for new employment.

Academic Success (*) is defined as the advancement of a person's knowledge in traditional educational studies (e.g., math, science, literature, and history) for the purpose of preparing for college or career.

Community or Public Policy (+) focuses on the systematic analysis of public policy issues and decision processes. Includes instruction in the role of economic and political factors in public decision-making and policy formation, microeconomic analysis of policy issues, and related other topics.

Family/Individual Development and Health (#) is defined as how individuals function in family, work, and community settings and how they relate to their physical, social, emotional, and intellectual environments.

- Examples of Individual Development include: Interpersonal relationships, parenthood education, child growth and development, and family resource management.
- Examples of Health include: Childbirth education, substance abuse prevention, disease management and prevention, and adjustment to disability and hearing impairments.
- Examples of NON-ELIGIBLE include, but are not limited to: cooking, sewing, interior design, gardening, and nutrition.

III. Non-Credit Categories

A. Adult Education and Literacy Program

Includes Adult Basic Skills (ABE), Adult Secondary Education (ASE), English Literacy (ELL/ESL), English Literacy (ELL/ESL)-Citizenship, and Community Rehabilitation Programs (Sheltered Workshops). Student enrollments in any of these categories are considered eligible for a maximum of 240 contact hours per student per year. Colleges must provide the course name and course number of all courses to the Department of Education.

Adult Basic Education and Adult Secondary Education means adult education leading to a high school equivalency diploma under Iowa Code chapter 259A, workplace and family literacy instruction, integrated basic education and technical skills instruction, and other activities specified in the Adult Education and Family Literacy Act, 20 U.S.C.Ch. 73 and subsequent federal workforce training and adult education legislation. Eligibility is determined by the participant: 1. Being at least 16 years of age and not enrolled or required to be enrolled in a secondary school under Iowa Code section 299.1A; and 2. Meeting one of the following eligibility requirements: (a) Lacks sufficient mastery of basic educational skills to enable the person to function effectively in society, demonstrated by a score of Adult Secondary Education (Low) or lower in at least one modality; (b) Does not have a secondary school diploma or a recognized equivalent; or (c) Is unable to speak, read, or write the English language.

Subject specific courses

Non-Credit adult basic skills and adult secondary education includes courses/programs/activities in one of the six-identifiers/subject areas (general, math, English, Job-Seeking/Changing, Career Exploration/Awareness and Basic Computer). Colleges should enroll participants based on the majority (75 percent) of the instruction engaged in during the course/program/activity. The course/program/activity must support the outcome of adult education and literacy with sufficient intensity and duration to allow pre and post testing of participants.

General: focuses on the fundamental knowledge and skills and includes studies in multiple academic areas.

Math: focuses on the development to computing and other mathematical reasoning abilities and skills.

English: focuses on the fundamental knowledge and skills in reading, writing and speaking that individuals need to function productively in society.

Job-Seeking/Changing Skills: focuses on the development of skills related to job searches and self-marketing. Instruction in assessing capabilities, applying and interviewing.

Career Exploration/Awareness Skills: focuses on individual capabilities and needs and the job market. Instruction in the variety of available employment, how to access job information and techniques of self-analysis.

Basic Computer Skills: focuses on the knowledge and skills needed to operate a computer and basic troubleshooting.

Corrections – Juvenile and Adult courses/programs/activities delivered to enhance life skills, and academic and/or employability success for individuals, who are residents of a county, state, private; confinement, rehabilitation, and/or correctional facility are not eligible for state general aid. Colleges should enroll participants based on the majority (75 percent) of the instruction engaged in during the course/program/activity. Refer to subject specific courses.

D. Enhance Employability/Academic Success

Enhance Employability intent and content of courses are designed for the specific purposes of upgrading the skills of persons presently employed and retraining persons for new employment.

Academic Success is defined as the advancement of a person's knowledge in traditional educational studies (e.g., math, science, literature, and history) for the purpose of preparing for college or career.

1. Career & Technical Training and Upgrading

CIP	Code Set
Occupational/Subject	04 04 11 04

Individual non-credit courses and short term programs designed for the specific purpose of training persons for employment, upgrading the skills of persons presently employed, and retraining persons for new employment. Courses/programs that are/were classified as non-credit short-term preparatory are also reported in this category, examples: truck driver, homemaker home health aide, etc.

NOTE: Economic Development (260E, 260F, 260G and Workforce Training and Economic Development Fund) see Economic Development Section.

Use only state approved occupational specific CIP numbers listed in the Non-Credit Course Master for Year-End Reporting on the MIS and CE-4b.

NOTE: If training is requested for occupations, other than those listed on the state approved list, contact the Department of Education for approval.

2. Apprenticeship

(Not 260E/260F/260G Funded)

CIP	Code Set
Occupational/Subject	04 04 04 04

Apprenticeship programs that are not funded by Iowa Economic Development Authority Programs (260E/260F/260G) must utilize the code set of 04 04 04 04. (See Economic Development for reporting apprenticeship programs funded through 260E/260F/260G) All apprenticeship programs must be registered with the United States Department of Labor, Office of Apprenticeship in accordance with the National Apprenticeship Act. Apprentices must be registered with the Office of Apprenticeship.

3. Corrections (State/County, Private, Etc.)

	CIP	Code Set
Juvenile	Occupational/Subject	02 04 30 22
Adult	Occupational/Subject	04 04 30 22

Secondary Jointly Administered Reporting

Secondary Jointly Administered Courses/Programs CIP Numbers and Code Sets - Summary

Courses offered to high school students for postsecondary credit must be reported in the credit section of this manual. This section will outline a summary report to identify those classes the Community Colleges and School Districts administer jointly but are only available to be awarded credit through the secondary institution. These are not Postsecondary Option Enrollment (PSEO) students.

Summary File

<u>Secondary Jointly Administered</u>	<u>CIP</u>	<u>Code Set</u>
Arts and Science	24.01010000	02 29 11 22
Career and Technical Education	Occupational Specific	02 22 11 22

An Excel file is to be reported separate from the MIS submission. The file should contain five columns: *College Number* (e.g., 01), *Course Title*, *Number of Teachers*, *Number of Students*, *High School Number*. For the *High School Number*, use either the Iowa High School Code or ACT codes. Iowa High School Code Sets include the combination of the District Code and School Code. See IDOE reference tables for the list of current codes at https://www.educateiowa.gov/education-statistics#Non_Student_District_Data

I. General Instructions and statements

The Department of Education has the responsibility to ensure community college instructors meet the minimum standards outlined by code. The Human Resources data collection provides a base of data to meet that responsibility.

The Department of Education MIS team has met with community college human resources staff to update and refine human resources data collection. Human Resources reporting should be based on an academic year defined in the MIS Data Glossary.

Report all data requested for employees: Administrative (510), Credit Instructional (520), Full-Time Non-Credit Instructional (525), Professional (530), Secretarial and Clerical (540), and Service Staff (550) in the Human Resource Files (Employee File and Employee Position File). The Employee Position Codes are included in this section of the manual. Student employees are to be reported under the position code, which reflects the type of work. Do not report federal or state work-study students.

Whenever required, the Department of Education will report the number of Half-Time Instructional employees based on the number of workload credit hours taught during the academic year. Please refer to the definition of Half-Time Instructional in the Data Glossary.

A. Employee Position Codes

Administrative (510)

Chief executive officer and the cabinet and/or administrative team.

Examples:

Chancellor	Vice President	Director

¹All GAP Tuition Assistance program completers must also be flagged as Locally Recognized program completers and may also be Industry Credential recipients.

²Endorsed by a 3rd party certification or state/federal regulatory agency leading to or enhancing employment. Report students who meet one, two or all conditions: 1) a college reported a successfully completed program (no test required but competencies met) to the governing agency, when such a completion is the requirement for the governing agency to award the 3rd party credential or state board (e.g., Coaching Certificate/License); 2) a college administered the required test and then reported findings to the state governing agency that a student had successfully passed and the credential is then awarded to the student by the governing agency or state board (e.g., CNA License); 3) a college obtained information regarding students' 3rd party credentials from the governing agency, state board, or directly from the student. Include only initial certifications and do not include recertifications or relicensures.

³Locally recognized non-credit program completer is a student who completed any skill-based program that are developed for and fills a workforce need identified through sector boards, IWD agencies, or research of skills gaps in the region, and consists of a minimum of 32 contact hours. Such program completion is designed to enhance employability, or/and increased responsibility within a trade and could lead to a state or 3rd party credential but would exclude recertification. The fact of such a program completion is established based on local college rules, applicable to each particular program. A locally recognized program completer may or may not be a recipient of 3rd party credential, GAP tuition assistance programs, or any other, separately reported non-credit award category.

APPENDIX B

CLASSIFICATION OF INSTRUCTIONAL PROGRAMS (CIP) NUMBERS, STATE TITLES, AND CAREER CLUSTERS

Most of the CIPs with numbers and zeros in the first six locations were obtained from the Classification of Instructional Programs, 2010 Edition, and usually are used for less than one-year (Certificate or less) programs/courses like non-credit/adult education and secondary programming. Exceptions are when it is necessary to identify an occupational area that was not included or not appropriate to use the identification in the 2010 Edition.

The CIPs that have numbers and zeros in the seventh and eighth locations are used to identify the offerings for more specific programming in the colleges and on the state level. Most certificate credit programs have a one or two in the seventh and a zero in the eighth locations. CIPs that have a one in the eighth location refer to one-year (Diploma) programs and those with a two refer to two-year (Degree) programs. Current CIP codes also contain zeroes in the ninth and tenth locations.

The complete Classification of Instructional Programs, 2010 Edition, can be accessed at the National Center for Educational Statistics (U.S. Department of Education) web site at the hyperlink below:

APPENDIX C

Determining Tuition Rates and Uniform Policy on Student Residency Status

Section 1—General

A person who has been admitted to an Iowa community college shall be classified as a resident or as a non-resident for admission, tuition, and fee purposes. A person classified as a resident shall pay resident tuition costs. A person classified as a non-resident shall pay a non-resident tuition cost. Tuition rates are established by a community college's board of trustees.

- A. Resident Tuition: Tuition for residents may not exceed the lowest tuition rate per semester, or the equivalent, charged by an institution of higher education under the state board of regents for a full-time student. For students of high school age enrolled in a course through a contractual agreement with a school district, the limit on resident tuition shall not apply and the amount of tuition shall be determined by the board of trustees of the community college with the consent of the school board.
- B. Non-Resident Tuition: Tuition for non-residents shall not be less than the marginal cost of instruction of a student attending the college.
1. A separate non-resident tuition rate for international students is permissible, provided the rate is reasonable and reflects the cost of appropriate services.
 2. A lower tuition for non-residents is permitted under a reciprocal tuition agreement between a community college and an educational institution in another state, if the agreement is approved by the director of the Iowa Department of Education.
 3. Other non-resident tuition rates may be established for specific purposes provided the tuition is greater than the resident tuition rate and not less than the marginal cost of instruction and the arrangement is approved by the director of the Iowa Department of Education.
- C. Online Consortia: A separate tuition rate for residents and non-residents is permitted under a consortium agreement for distance education coursework between Iowa community colleges, if the agreement is approved by the director of the Iowa Department of Education and tuition is not less than the marginal cost of instruction for non-resident students and does not exceed the lowest tuition rate charged by an institution under the state board of regents for resident students. Additionally, tuition shall not be less than the lowest resident rate or higher than the highest non-resident rate of institutions within the consortium.
- D. Non-Credit Courses: Persons who register for non-credit continuing education courses shall be charged course fees determined by course costs and market demand.
- A community college shall inform all students about residency status determination, the appeal process, and tuition policies. Information shall be included in appropriate publications such as the college's catalog, registration materials, website, and student handbook. All tuition rates shall be reported to the Iowa Department of Education annually.

Section 2—Determination of Residency Status

In determining a community college resident or non-resident classification, the primary determination is the reason a person is in the state of Iowa. The second determination will be the length of time a person has resided in Iowa. If a person is in the state primarily for educational purposes, that person will be considered a non-resident. The burden of establishing the reason a person is in Iowa for other than educational purposes rests with the student.

- A. The registrar or official designated community college office may require written documents, affidavits, or other related evidence deemed necessary to determine why a student is in Iowa. The burden of proof is upon the student.

A student will be required to file at least two documents to determine his/her residency status. No two documents may come from the same source. The following are examples of acceptable documentation.

1. Written and notarized documentation from an employer that the student is employed in Iowa or a signed and notarized statement from the student describing employment and sources of support.
2. Iowa state income tax return.
3. An Iowa driver's license.
4. An Iowa vehicle registration card.
5. An Iowa voter registration card.
6. Proof of Iowa Homestead credit on property taxes.

In all events to be determined a resident of Iowa, the individual must document residing in the state of Iowa for at least 90 days prior to the beginning of the term for which he/she is enrolling.

- B. If a student gives misleading or incorrect information for the purpose of evading payment of non-resident fees, he or she must pay the non-resident fees for each term the student was not officially classified as a non-resident.
- C. These regulations shall be administered by the registrar or office staff designated by the community college. Resident and non-resident tuition rates shall be printed and available in the catalog or another major college publication.

Section 3—Residency of Minor Students

The domicile of a minor shall follow that of the parent with whom the minor resides except where emancipation of said minor can be proven. The word "parent" herein used shall include legal guardian or others in cases where the lawful custody of a minor has been awarded to persons other than actual parents.

A minor living with a resident of Iowa who is legally responsible for the minor shall be granted resident status if the minor has lived with the Iowa resident for at least 90 days immediately prior to enrollment.

The residency status of an emancipated minor shall be based upon the same qualifications established for a person having attained majority.

Section 4—Residency of Students Who Are Not Citizens of the United States

- A. A person who is a refugee or who is granted asylum by an appropriate agency of the United States must provide proof of certification of refugee or asylum grantee status. A person may be accorded resident status for admission and tuition purposes when the person comes directly, or within a reasonable time, to the state of Iowa from a refugee facility or port of debarkation and has not established domicile in another state.
- B. A person, who has immigrant status, and his or her spouse or dependents, may establish Iowa residency in the same manner as a United States citizen.
- C. A person who has non-immigrant status and who holds a non-student visa, and his or her spouse or dependents, may establish residency in the same manner as a United States citizen. An alien who has non-immigrant status and whose primary purpose for being in Iowa is educational is classified as non-resident. A "student visa" is *prima facie* evidence of non-residency (i.e., in a rare case, a student holding the visa could overcome the presumption of non-residency).
- D. A person who is a resident of an Iowa sister state may be classified as a resident or non-resident, per rules adopted by the college's board of directors.

Section 5—Residency of Federal Personnel and Dependents

A person, or his/her spouse or dependent child, who has moved into the state of Iowa as the result of military or civil orders from the federal government, and the minor children of such persons, are entitled to immediate Iowa residency status.

Section 6—Veteran's Exemption

A veteran of military service or National Guard, or his/her spouse or dependent child shall be classified as a resident if the veteran is domiciled in Iowa and one of the following conditions is met:

1. The veteran has separated from a U.S. military force with an honorable discharge or a general discharge, is eligible for benefits, or has exhausted benefits, under the federal Post-9/11 Veterans Educational Assistance Act of 2008 or any other federal authorizing veteran educational benefits program.
2. The individual is an active duty military person, or activated or temporarily mobilized National Guard member.

To be eligible for the exemption, a dependent child must be claimed as a dependent on an eligible veteran's internal revenue service tax filing for the previous year.

Section 7—Reclassification of Residency Status

It is the responsibility of a student to request a reclassification of residency status. If a student is reclassified as a resident for tuition purposes, such classification shall be effective beginning with the next term for which the student enrolls. In no case shall reclassification to residency status be made retroactive for tuition and fee purposes, even though the student could have previously qualified for residency status had the student applied.

Section 8—Appeal

The decision on the residency status of a student for admission, tuition, and fee purposes may be appealed to a review committee established by the community college. The findings of the review committee may be appealed to the community college board, whose decision shall be a final administrative decision.

Section 9—Effective Date

This policy is effective beginning with the 2014-2015 academic year.

APPENDIX D

Perkins Distribution

The purpose of the federal Perkins is to develop more fully the academic and career/technical skills of secondary and postsecondary students who elect to enroll in career and technical education programs.

Each year the postsecondary Perkins allocation is distributed to the community colleges based on Federal criteria and state plan via the audited Pell and BIA count. The IDE staff conducts audits of each college's Pell and BIA count to verify that students included are appropriate based on eligibility requirements.

Eligibility:

The criteria for reporting students who are eligible to be included in the count for Perkins distribution are as follows:

- has declared a major in a IDE approved career/technical education or career option/college parallel program;
- has been accepted into the program with full access to courses leading to completion;
- is enrolled in one or more courses of the technical core (occupationally-specific) of the program's approved curriculum (AS-28); and
- is a recipient of a Pell grant from the U.S. Department of Education or financial assistance from the Bureau of Indian Affairs (BIA) of the U.S. Department of Interior.

All of the above criteria must be met for students to be included in the count.

Definitions:

Definitions, relating to the criteria used for determining the Perkins distribution, are located in the MIS Data Dictionary.

Procedure:

The procedure (by electronic documents) used to determine the eligible count for each college that is used in the distribution formula is as follow:

- AS28 – the technical core courses are checked by the college on the AS28's, as submitted for the prior year audit as well as the new programs in the academic year, for each IDE approved career/technical education and college parallel/career option programs. The AS28's should be updated to ensure that the current courses identified are correct (please note if you have made changes and/or added new courses). On those AS28's where changes have been made, electronically return a copy to the Department;
- Certified Pell Count – the total unduplicated number of Pell recipients who are career/technical education and college parallel/career option students during the previous academic year are indicated on the Certified Total Unduplicated Vocation Pell Count Report. A certified hard copy,

with the appropriate signature (President or his/her designee) must be sent to the Department's Division Administrator.

- Unduplicated Detail Listing of Students – the college prepares a list of the students in the Certified Pell Count. The listing includes student name, social security number, program major, location of student's record, and CIP number of program enrolled in;
- Pell Questionnaire – a list of questions to be completed by the individuals responsible for identifying the core courses, list of students and Pell count. They relate to student major, acceptance in major, change of major, steps taken to identify Pell count, Pell grant year, and individuals responsible for reviewing the AS28's;
- Audit Sample – an audit of student's college records is conducted by a random sample of the students on the Unduplicated Detail Listing of Students. For the students included in the audit sample, the college is notified to submit each student's (1) transcript and (2) the letter of acceptance or an official record showing the student's acceptance into the program. These items are sent to the Department via certified mail and are placed in a secure location. Due to the confidentiality of transcripts and social security numbers, the transcripts and additional material are under lock, checked in and out for staff review, never leave building, and shredded or returned to the college by certified mail;
- Audit Findings – result of the Department's audit is communicated to the college to determine if they have additional material to be submitted related to the audit and to obtain their acceptance of the findings;
- Eligible Count – result of the above steps in the Procedure indicates the college's eligible students to be used in the count for determining the Perkins allocation.

Distribution:

Perkins funding is distributed to the colleges based on the percentage their Pell count comprises the total community colleges Pell count population.

INTRODUCTION

This glossary is intended to clarify and standardize definitions used in the Management Information System (MIS) as well as for community college programming. It is important that all individuals are utilizing the same terminology at the Iowa Department of Education (IDE) and the community colleges to ensure uniform, accurate, and consistent data.

The financial accounting definitions are included in this dictionary only if they are relevant to the required data elements. All financial accounting definitions can be found in the Iowa Community College Accounting Manual. The Management Information System (MIS) Reporting Manual contains information on the reporting application on a number of the terms that are included.

Several of the terms, definitions, and supplemental information relate to the Perkins Acts 2006 Application and Reimbursement/Reporting processes; Postsecondary State General Aid; State Secondary Career/Technical Aid; secondary and postsecondary program approval and operations; and secondary, postsecondary, and adult Program Masters (PGM) are included.

DATA ELEMENTS/TERMS AND DEFINITIONS

Data Element/Term	Definition
Academic Records	The college shall confidentially maintain in perpetuity for each student the complete academic record, including every course attempted and grade received. An official transcript must be created at the time of course enrollment and the credit hour(s) must be recorded upon completion. (Admin. Rule 281-21.2(11))
Academic Year	A period of time that begins with the first day of the fall term for each community college and continuous through the day preceding the start of the next fall term as indicated in the official college calendar. (Admin. Rule 281-21.45)
Accelerated Courses	Courses or programs of study that allows students to complete programs at a faster pace than if offered by traditional methods. Courses will be tailored to involve more student participation and self-directed study. Competencies will be the same or higher than attained in traditional classroom settings. (Admin. Rule 281-21.2(13))
Accounting Manual	A document used by community colleges to record, classify, summarize and report financial transactions. (Iowa Code 260C.5(9)) (Refer to the Iowa Community College Accounting Manual)
Accreditation	A process of confirming that colleges are offering quality programs and services consistent with state standards as well as assuring the public of operating at expected levels of efficiency and effectiveness. The state accreditation evaluation is conducted during the same year as the Higher Learning Commission accreditation process, in evaluation cycle, self-study process, and criteria. The two processes by which colleges can maintain their accreditation are: <ul style="list-style-type: none"> • Program to Evaluate and Advance Quality (PEAQ) – consist of a self-study; peer review; focuses on decision-making process; which operates on a ten-year cycle; and • Academic Quality Improvement Program (AQIP) – adheres to continuous quality improvement principles that consist of self-assessments; action projects; and system portfolio; which operate on a seven-year cycle. The IDE conducts interim and comprehensive on-site visits within the cycle to develop a report and a recommendation on the type of accreditation. The recommendation for interim accreditation is forwarded to the Director of the IDE and the recommendation for the comprehensive accreditation is forwarded to the State Board of Education for approval. (Admin. Rule 281-24.1)
Accepted in a Program	A student that has been formally admitted for enrollment in a specific program major and documentation exists of such admission. This assures that the student will have full access to all technical core courses in the program and that with satisfactorily completion of program requirements the student could graduate according to the timetable found in the catalog.
Actual Hours	The hours of a scheduled course offering when students are expected to be in attendance.
